\$638,174 construction includes church, plants

A permit for constructing a \$300,000 racquetball facility between Maryville Road and Stearns Avenue, south of Pontoon Road and Colonial Bank of Granite City, was among 110 building permits listing values of \$638,174 issued during June, in Granite City, according to a monthly report released by Bill Dallas Jr., inspection department secretary.

Saugel Brothers, Inc., which also operates racquetball facilities at Belleville and Alton, obtained the permit for the eight-court facility which will have an address of 3901 Stearns Ave.

Industrial permits also included a \$17,000 permit to ADM Corp. to construct a pre-engineered metal building at 3801 Cargill Road, permits to First Assembly of God Church to raise a building at 24th Street and Grand Avenue at a cost of \$5,000 and to replace it with a \$35,000 addition, and a \$24,000 permit for American Steel Foundries, 1600 Walnut St., to construct a metal hut.

Other permits included two for new homes costing a total of \$55,000; 12 for room-additions totaling \$32,000; nine for garages and carports costing \$22,690; 66 to remodel and repair structures at a total cost of \$110,690, one for an \$8,500

Eyes of area still on federal investigation

The convictions last week of Madison Alderman Ronald Grzywacz, suspended Madison police sergeant Richard Krieschok and former Madison policeman Edward Gann concluded the seven-day federal racketeering and perjury trial

Life saved, guest at Red Cross dinner

Lifesaving is the "bottom line" of most American Red Cross activities, it was noted at the 1978 annual meeting of the Tri-City Chapter, attended by nearly 200 on Friday evening at Sunset Hills Country Club.

"The Bottom Line," a new film produced by the Red Cross and sponsored by national and local yearly meetings, spotlights the lifesaving role by depicting how Granite City's Marvin T. Tucker was saved when stricken aboard an airplane last Oct. 24.

Guests of honor at the chapter dinner were former Army Specialist Tucker, discharged from the service three days before the annual meeting, and his wife, the former Cynthia Russell.

Also featured in the film is Susan Frankart, a civilian U.S. government employee whose Red Cross cardiopulmonary resuscitation (CPR) training enabled her to revive Tucker when he suffered heart arrest.

Mrs. Mildred Meehan, executive director of the Tri-City Chapter, is interviewed in the motion picture along with other Red Cross personnel who handled the intricate communication and verification

against them. But the federal investigation into alleged government corruption in Madison County is far from over.

The carefully selected words of Assistant U.S. Attorney Thomas Turner in telling the jury not to consider why some officers were guilty of accepting favors from Big Jenny's Little Place, also alleged to have housed prostitution.

Mrs. Jenny Huey, who accepted a six-month jail term and a \$1,000 fine rather than testify, made payoffs and provided prostitutes for policemen, according to testimony presented during the trial.

Other tavern owners alleged Mrs. Huey was "a funnel" through which they could pay certain police to stay open late.

Several witnesses during the trial said under oath that they had lied to a federal grand jury and FBI agents.

Several tavern owners and low truck operators told of making payoffs to deputies and Grzywacz.

The government did not disclose how many had been granted immunity in return for their testimony.

Numerous names "popped up" during the trial may be worthy of federal study. One man was said to have accompanied Grzywacz to a service station and then demanded money for having county tow calls directed to that station.

Several present and former deputies were mentioned as having received payments and favors from low truck operators and tavern operators prior to the time Grzywacz alleged he began collecting payoffs as evidence for the sheriff.

During Grzywacz's testimony before the federal grand jury, he said that when he visited the Marco Polo Lounge on Route 182 near Granite City to solicit payments, an owner said he didn't have to pay off. He knew a judge, it was asserted during the trial.

Also from Grzywacz' ap-

pearance before the grand jury was his testimony that he told Sheriff John Maeras that "about 20 deputies were on the take."

In a tape-recorded telephone call with Walter Young, operator of an alleged house of prostitution, Grzywacz testified that he made payoffs and provided prostitutes for policemen, according to testimony presented during the trial.

Other tavern owners alleged Mrs. Huey was "a funnel" through which they could pay certain police to stay open late.

The sheriff and Capt. John Cooper of his department

Mayor Mike Sasyk of Madison denied any conflict in having an interest in a company which supplies vending and game machines to taverns while the mayor is the ex-officio liquor license control commissioner in the city.

One service station gave deputies a two-cent per gallon "kickback" when purchasing gasoline for sheriff's department cruisers, and offered free gasoline, oil, lubrication and service for those deputies' personal cars, Grzywacz told the grand jury.

He also stated he felt someone was running a "middle man" in the court system, and a judge and a court official were referred.

The sheriff and Capt. John Cooper of his department

St. Louis air quality—8th worst

Most environmentalists can guess which U.S. city has the worst air quality. But where does St. Louis rank? Eighth. Los Angeles, famous for its smog, is the easy "winner" in a study just published by the Council on Environmental Quality. On 318 days in 1975—the year on which the current study was based—its air was "unhealthful," very "unhealthful" or "hazardous."

But the list of runners-up contained a few surprises, according to the National Wildlife Federation, which monitors the nation's air pollution in its annual Environmental Quality Index report.

The next-worst cities, and the

number of days on which their air was "unhealthful" or worse, were: Denver, 177; Albuquerque, 150; Philadelphia, 150; New York-New Jersey metropolitan area, 149; Boston, 147; Houston, 141; St. Louis, 140.

San Francisco, 127; Spokane, Wash., 126; Phoenix, 118; Fairbanks, Alaska, and District of Columbia, 90; Sacramento, Calif., 88.

Louisville, Ky., 72; Steubenville, Ohio, 60; Cincinnati, 51; Omaha, 46; Memphis, 38; and Wichita, Kan., 25.

Two of the nation's industrial giants, Chicago and Detroit, failed to make the list.

Quality is emphasized in sewer installation

Quality of construction and the lowest possible cost to property owners are being emphasized in current installation of sanitary sewers, Walter C. "Dick" Sparks said today. He is chairman of the Madison County Sewer Committee.

To residential property owners having property within the boundaries of Madison County Sewer District No. 1—Chouteau, Venice and Nameki townships—Sparks said:

"The County Special Sewer Committee and the engineering firm of Sheppard, Morgan &

Schwab—in response to many inquiries from concerned people—would like to pass along information and plans we have at this time in regard to our proposed policy for individual home owners connecting their outlets to the county sewer system.

(1) No person except authorized county personnel will be permitted to attach any waste line into the county system.

(2) "All lines must be made of material approved by the engineering firm and recommended by the County

Sewer Committee. All lines must be properly installed and inspected by county personnel before being covered from the view of the inspector.

(3) "All ditching and material

necessary to reach from the house connection to the county sewer line will be furnished by the property owner at his expense.

Missing from tugboat

Search efforts last week for Anthony A. Taylor, 23, of 1921 Grand Ave., were unsuccessful and Mr. Taylor is presumed to have died from his fall from the tugboat in the Mississippi River near Grand Tower, Ill., Friday night.

Mr. Taylor, a deckhand, reported for one watch about 10:30 p.m. Friday but failed to appear for his next watch about 11 p.m., shipmates said. The tugboat was searched, but he was not aboard.

Mr. Taylor's hat was found near a stairway by the laundry

room and authorities believe he fell down the stairs and rolled from the tugboat, somewhere between mile posts 81 and 87.

The U.S. Coast Guard conducted a brief search and the family then continued searching, with the help of the Grand Tower police and a boat and helicopter supplied by Police Chief Jerome Nellis.

Nellis told the Press-Record he has searched by helicopter from Cape Girardeau, about 20 miles south of Grand Tower, to about five miles north of the city. The search continued

during the weekend.

Mr. Taylor and his wife, Margo, have two boys, ages 5 and 8, and 8 months.

PAUL HARRIS FELLOWSHIP is announced for Joseph Hassler at the Granite City Rotary and Rotary-Ann installation at the Sunset Hills Club. Ten \$1,000 fellowships for overseas study are being donated over the next decade by ten Rotarians. Making the announcement of Hassler's selection is Past District Rotary Governor Kenneth Evers. Harris was the founder of Rotary. Seated, left to right, are John Auble,

guest speaker; Mrs. Joni Karandjeff with her husband, Ernest A. "Drew" Karandjeff Jr., new Rotary president; and Mary Donna Scaturro. Standing, from the left, are Rotarians Richard West, Bill Terrell, Richard Kerch, Steve Bristol, Evers, retiring President Donald Shaffner and George E. Moore Sr.

Fellowships created

When Granite City Rotarians and Rotary-Ann get together for dinner and an evening of humorous comments by television Newswatch's John Auble, they also devote a bit of time to causes like international good will and understanding. Such was the case at the 1978-79 installation ceremonies, during which ten pledged \$100 annually for ten years to create a \$10,000 addition to the Paul Harris Fellowship fund. Harris founded Rotary International, and the fund fosters overseas study by outstanding young students.

Joseph P. Hassler was designated as this year's addition to the list of Harris fellows. Edwin G. Schmitt accompanied group singing, retiring President Donald R. Shaffner reviewed the past year and new President Drew Karandjeff, a vice-president of the Granite City Trust and Savings Bank, outlined projects and goals for the year starting July 1.

Participants in the program included the club's two past district Rotary governors, George T. Wilkins Sr. and Kenneth L. Evers.

Senior active members were recognized, and the club praised 100 percent attendance by Evers, Warren Decatur, Richard Kerch, John Tallgren and Louis Meek. Bruce Mort was master-of-ceremonies. New members were introduced.

Rotary-Ann officers installed were Mary Lee Mateosian president, Fran Slater vice-president, Belva Edwards secretary, Emily Thebeau treasurer and Gail Miller past president. The Rotary-Ann group is the only one in District 666.

Officers of the Rotary Club installed included Darryl W. Slater first vice-president, George E. Moore Sr. second vice-president, Paul Mills secretary, Louis E. Meek treasurer, James Rush sergeant-at-arms, Donald VanHorn assistant secretary, Robert Maxwell assistant

treasurer and Robert Lombardi assistant sergeant-at-arms. New directors are Nick Mangoff, William Frazier and Willie Seim.

Continuing as directors are Richard M. West, Robert V. Mateosian, Donald W. Partney, William P. Donovan, Hassler and Evers. Ernest A. Karandjeff Sr., father of the new president, was recognized as a past president of Granite City Rotarians.

Past President Richard Kerch is the son of the late Walter Kerch, who also headed the club, it was noted.

Mrs. Antonovich, 71, dies

Mrs. Marie C. (Ciechocki) Antonovich, 71, formerly of Madison, died at 8 p.m. Thursday at the Pleasant Rest Nursing Home in Collinsville. She had been ill eight years. Born in North Little Rock, Ark., Mrs. Antonovich resided in the Quad-Cities 36 years. She was a member of St. Mary's Roman Catholic Church. Her husband, Nickol

Antonovich, died Oct. 20, 1975. Survivors include two sons, Michael Antonovich Sr. and Daniel Antonovich, both of Granite City; one daughter, Mrs. John (Rose Marie) Hansen of Germany; a sister, Mrs. Wanda Zienta of St. Louis; and seven grandchildren. Funeral services were held today. Details are given in the obituary column.

(4) "At the present time, the expected charge to the property owner by the county for making connections onto the county line and inspecting the home owner's line, is estimated to be \$25. Future inflation and rising cost could change this by the time actual work begins.

(5) "We expect to keep all cost as low as possible and still meet the necessary standards for a quality job.

(6) "All connection outlets on trunk lines will be six-inch diameter and it is recommended by the committee and engineers that home owners use six-inch lines to run from their present line to the county line. This will eliminate future sewer problems for the home owner.

(7) "When the project is approximately 50 percent complete, the Sewer Committee will publish specifications for the type of material and joint required for connections to the sanitary sewerage system.

"It is expected that polyvinyl chloride pipe (PVC) plastic sewer pipe SDR 35 will be approved with rubber gasket joints.

(8) "All people will be notified in advance of the time that we expect to have certain areas ready for connections to be made," Sparks related.

Fall college courses here Aug. 21; GC biggest center

A variety of college credit and general studies (non-transferable) courses will be offered at Belleville Area College's Granite City extension center this fall, according to Frank Kraus, BAC-GC coordinator.

Courses will begin Monday, Aug. 21, and will include Art 101 (Understanding the Arts); Introduction to Business; Business Math; Accounting I and II.

Introduction to Marketing; Shortland and II Typing I and II; Real Estate Transactions; Contracts; Conveyances and Advanced Real Estate Principles; Introduction to Data Processing.

Economics I; Fundamentals of Labor Relations; First Line Supervision; Occupational Safety and Health I; Rhetoric and Composition I and II.

Health, First Aid — Medical Self Help; Medical Terminology; Emergency Medical Technician; Introduction to Law Enforcement; Intermediate Algebra; Introduction to Philosophy; Introduction to American Government.

General Psychology; Applied Psychology; Child Development; Introduction to Sociology; Social Problems;

and Fundamentals of Public Speaking.

Students who are working toward an associate degree may take credit courses in any of the degree plans at the main campus or at their neighborhood extension center, or at both.

All students are being encouraged to work out a degree plan with a counselor to make sure that transfer and/or graduation is completed without difficulty, Kraus said.

Students on scholarships and veterans are being especially urged to double-check all courses before enrollment to be sure of the funding.

Non-transferable courses, termed general studies classes at community colleges, to be offered at Granite City are:

Genealogy; advanced astrology; macramé, arithmetic skills for nurses; basic algebra.

Know your car; mastering the metric system; signed English (deaf communication); intermediate signed English.

Intermediate sewing; custom drapery construction; household maintenance for beginning cooks; food decorating; oil painting.

Foodservice sanitation; refreshers; refreshers; shorthand; secretarial review; introduction to key punch; nurse assistant.

Real estate transactions; beginning typing; beginning shorthand; and ceramics and sculpture.

Registration for Granite City classes will be Aug. 14, 15 and 16 in Room 135 at GCHS-South between 3 and 8 p.m.

Students who plan to enroll for free General Education Development classes will be sure to enroll on Aug. 15, Kraus added.

A schedule will be sent to area residents during the third week of July listing all classes offered by BAC-GC in its entire 2,000-square mile district.

The Granite City extension center, coordinated by Kraus, is the largest of 22 such centers operated throughout the community college district.

"Nearly \$17,000 was pledged in this division last year," Donovan continued, "with employees at St. Elizabeth Hospital pledging \$6,000 of the total, followed by medical doctors contributing over \$5,300."

"We're looking forward to even higher levels of giving achievement from these fine United Way supporters and, with Paul's leadership, we feel confident this will be the case."

A veteran of 16 years' hospital experience, Rackiewicz holds a master of hospital administration degree from St. Louis University, a bachelor of science degree in education from SU College at Brooklyn, N.Y., an associate of science degree from Niagara County Community College, Niagara Falls, N.Y., and a certificate in medical technology from Lockport Memorial Hospital, Lockport, N.Y.

Rackiewicz is a member of the American College of Hospital Administrators, the Safety and Personnel Committee of the Metropolitan Hospital Association, Granite City Rotary Club, Citizens Advisory Council for Off-Campus Education in Granite City Community, Unit School District 9, and the Greater St. Louis Health Systems Agency General Assembly.

He currently serves as president of the board of directors of the Madison County Council on Drug and Alcohol Dependency.

duties related to the occupation. The narration noted that a large number of Red Cross services combined to ease problems facing the sergeant, his family, the Army and those who aided him.

A key step was the prompt forwarding of data on Tucker's medical history, praised as a great help in treating him in Gander, Newfoundland, where the 747 flight was diverted due to his illness.

The son of Mrs. Buck Roebuck, a former Granite City resident, was killed in the 1945-46 war.

After-Spec. Tucker had been stationed with the U.S. Army in Germany during 1947. He came home on a 30-day leave, during which he was married, and it was on the return flight to Germany that he was stricken.

Miss Frankart worked with him for an hour and a half, during which he had three separate heart attacks. She continued giving CPR aid until the plane landed and he was hospitalized. For saving his life, she received the Red Cross certificate of merit.

The film shown during Friday night's meeting here re-created the events, with both Tucker and Miss Frankart among the "actors" re-creating the incident.

Jack Mulach, principal of Maryville School, was re-elected as Tri-City Chapter chairman and William Bright as vice-chairman later in the meeting.

Mrs. Frankie Griggs was chosen as secretary, succeeding Margaret Smith, and Mrs. Laveada Knobe was elected as treasurer, replacing Frank McGinnis.

Members re-elected to the board of directors for three years were Frank Kuntich, Larry Lockhart, David Partney and Mrs. Lois Winter. New directors elected were Red Tudoroff, Mrs. Rea Morrison, Chester Dean, N. G. Henke and Alfred Weider.

Clara Barton awards were presented to Mrs. Winnie Sasyk, Clyde Myers and Joanne Higgins. A special award for 20 years of service to the chapter was presented to Mrs. Meehan, executive director.

Guest speaker was Ollie Raymond, Channel 4. Four weathermen, who traced increased impact of television news to the fact that sight and sound are combined, and that some news can be conveyed instantly, such as the fatal wounding of Lee Harvey Oswald while millions were watching TV coverage related to the assassination of President John F. Kennedy.

Television's future could follow any of several patterns but it seems destined to play an expanded role in daily life during the coming years, Raymond said. After his remarks, he answered questions from the audience.

Mulach welcomed the gathering and conducted the business session. James Whitt headed the arrangements committee.

Prayers were offered by the Rev. Ralph Scherrer, pastor of St. Mary's Catholic Church.

Those introduced included Henry D. Karandjef, a charter member of the chapter, and State Senator Sam Vadalabene.

2 from here at swim camp

More than 170 youngsters from Illinois and six other states turned Lincoln College into "Swim City U.S.A." at the 1978 Archie Harris Swim Camp, held at the college's Scully Natatorium in Lincoln, Ill.

The youths, aged nine through 16, experienced four days crammed with sessions on stroke technique, training methods, weightlifting demonstrations, exercises and swimming workouts.

Participants included two Granite Cityans, Leslie Allen and Shawn Allen.

According to Archie Harris, who has coached swimming at Illinois State University in Bloomington for more than 20 years, "We try to explain the 'why' behind various training methods and stroke techniques."

Toward that end, a videotape unit was used to check each swimmer's style, including an underwater perspective using the viewing window at Scully Natatorium.

Later, the tape was replayed for each swimmer, and an instructor offered suggestions on how an individual's aquatic problem could best be solved.

Harris, an All-American swimmer at Virginia (Minn.) High School in the late 1950s and early 40s, set several Minnesota Collegiate Conference records in the 220- and 440-yard freestyle while at Gustavus Adolphus College in St. Peter, Minn.

ARREST IN BEATING
A 16-year-old boy was arrested in the 2300 block of Terminal Avenue Thursday and was charged with battery.

Cleveland Style, 2805 Terminal Ave., alleged the boy beat him at Smith's home. He suffered cuts and bleeding around both eyes and his mouth. The boy faces possible juvenile court action.

United budget panels active

The 1978 Tri-Cities Area United Way Budget and Allocations Committee has met for organizational purposes, Chairman Paul Costello announced today.

"Panel members have been assigned and United Way agency reviews and visitations will be scheduled immediately," Costello said.

"To reduce the workload, our panels have been increased to five instead of the three in prior years."

"In addition, earlier visitation schedules will permit preparation of this committee's report to the United Way board of directors prior to the fall 1978 campaign," he added.

Final allocation decisions are made, usually in December, following the successful conclusion of the fall solicitation program.

However, the reviews made by budget committee panels offer significant information

and educational opportunities which are helpful in presenting a good case for securing fair share United Way contributions," Costello commented.

Current United Way Agencies include the Alcoholic Rehabilitation Community Home, American Red Cross, Arthritis, Boy Scouts, Catholic Charities, Co-ordinated Youth Services, Family Counseling Center, Girl Scouts, Illinois Children's Home, Protestant Welfare, Salvation Army, Tri-Cities Association for Retarded, Madison County Urban League, Visiting Nurse Association, AFL-CIO Community Services and YMCA.

Additional applications are made, usually in December, following the successful conclusion of the fall solicitation program.

Members of the 1978 United Way Budget and Allocations Committee are: Dale Arnette, Carl Baczenas, Jerry Bolandis, Paul Costello, Ed Edwards, Harold T. Fisk, William Griggs.

Tom Holloway, Al Hudzik, Mary Jesse, Chris Kacalief, Margaret Lee, Gene McGovern, Jerry Pakovich, Russell Robinson, Winnie Sasyk, Richard Thalman, Carl Thornberry and Robert Vickers.

One Injured in 3-car collision
Nancy Asadorian, 1545 Lindell Blvd., suffered a minor injury at 5:20 p.m. Friday, when she was one of three drivers whose vehicles were involved in a chain reaction collision on Madison Avenue at 27th Street.

The other drivers, who reportedly were not injured, were Jacqueline K. Eliff, 3901B Village Lane, and Billy L. Sommers, 2300 Woodlawn Ave.

Tickets available for six Muni Opera shows

Tickets for six shows at the St. Louis Muni Opera still are available through the Granite City Park District, it was announced today.

A bus leaves the ice rink parking area at Wilson Park every Tuesday evening at 7 o'clock for each new show at the Muni Opera.

However, at least 25 tickets must be sold each week before the bus trip can be scheduled, according to Harold Brown, park district superintendent.

Cost of the tickets is \$7.50 each and bus transportation is \$3.75.

Reservations may be made at the Wilson Park office, and tickets must be paid for at the time the seats are reserved, Brown said.

Tickets still may be obtained for the following shows on the dates given:

July 18 - "Oklahoma"; July 25 - "Music Man"; Aug. 1 - "Madam Butterfly"; Aug. 8 - "Darin Yankees"; Aug. 15 - Rudolf Nureyev and The Dutch National Ballet; and Aug. 22 - "Peter Pan."

Seating available through the Granite City Park District is in the same general area as past years and offers a fine view of the stage productions, it was noted.

Plan classes in lifesaving, water safety

Classes in advanced senior lifesaving and basic water safety are being offered by the Granite City Park District at the Wilson Park Swimming Pool for two weeks beginning Monday, July 17.

Persons interested in the class may sign up at the park office in Wilson Park. The cost for park residents is \$6.90, including \$3 for park insurance. For non-residents, the classes will cost \$10.50, including insurance.

The classes will meet from 9:30 a.m. to noon, Mondays through Saturdays, from July 17 to July 29.

SOUTH BAND MEMBERS at Granite City High School South have been awarded scholarships to attend music camp at Southern Illinois University at Carbondale. The camp session began Sunday and will continue through July 22. From left, Craig Ryterski, Mary Klyasheff and Larry Johnson.

'Cyclist hurt at Nameoki-Johnson

Alvie T. Egbert, 30, of 2153 Bern Ave., sustained multiple abrasions to the body and pains in the right shoulder when he spilled from the motorcycle he was riding north on Nameoki Road near Johnson Road at 5:35 p.m. Friday.

Egbert lost control of the machine when a vehicle stopped in front of him, he told police. He went by ambulance to St. Elizabeth Hospital where X-rays were taken. He was treated and later was released.

Attend SIUC music camp

Three Granite City High School South band members have received music scholarships to attend music camp from July 9 through July 22 at Southern Illinois University at Carbondale.

The scholarships were awarded by the Nameoki Women's Club, Mrs. Irma Taylor president, and SIUC. The recipients are: Mary Klyasheff, a clarinetist, daughter of Mr. and Mrs. Bill Klyasheff; Larry Johnson, trombonist, son of Mr. and Mrs. Cyril Johnson; and Craig Ryterski, a saxophonist, son of Mr. and Mrs. Jerry Ryterski.

While at camp, the students receive instruction in concert and stage bands as well as music theory. All three students will be seniors during the next school year.

EQUIPMENT STOLEN

George Opolka of Troy, Ill., reported at 12:35 p.m. Friday that a vent window was forced on his vehicle, parked in the Bell Telephone Co. lot at 21st Street and Edison Avenue, between 10 a.m. and noon, and a 25-channel Midland CB worth \$100, a power microphone valued at \$45, and a Bell Telephone speaker, \$25, were stolen.

WALLET IS STOLEN

Fred Grieve, 3008 E. 23rd St., Apt. 9, awoke to discover his wallet had been taken from his trousers in his bedroom while he slept in the bed. A screen had been removed from the open bedroom window and entry had been gained by crawling through. The wallet contained about \$20 to \$25, his driver's license and other cards and papers.

Plat approved for building 14 homes

A plat of the fifth addition of Town and Country East, on which development of 14 new homes is planned was accepted by the City Council last week.

Council members agreed to accept the plat after City Engineer Monroe Brewer told the aldermen that proper planning for sewage and storm drainage have been made, and that construction plans, now being developed by Stanley Lucas, provide for streets, curbing and sidewalks within the subdivision.

Brewer explained that the subdivision originally had been laid out for 17 tracts, but this had been reduced to 14 home structures to match the numbers of tap-ons available for sewerage connections.

The 14 tap-ons, Brewer said, are all that remain on a sewer line built by the Archer Daniels Midland plant on Carhill Road several years ago. The subdivision extends along Mockingbird Lane and just behind Worthen Park.

The council also referred to the City Plan Commission a petition for rezoning of the Liberty National Home property at 1400 Grand Ave., formerly used as a Croatian Fraternal hall. The petition by Supreme Star Sales and Services which is acquiring the property asked that it be rezoned from its present R-4 (two-family) classification to C-1 (commercial) zoning.

Aldermen approved a request of the Pottery Mouth CB Club for permission to conduct a road block at 20th Street and Edison Avenue on Aug. 12 to solicit for the March of Dimes. The approval was contingent upon the club providing liability insurance and a "hold harmless" agreement.

Alderman Lloyd Bailey of the Fifth Ward reported that the Dr. Dressel Liquidation Trust has contributed \$98 toward construction of a new bin to hold salvage paper left at the community recycling center maintained by Coordinated

Youth Services at Adams Street and Niedringhaus Avenue.

Bailey, chairman of the council's Downtown Committee, said the new bin will eliminate the problem of paper blowing about the neighborhood after it is deposited in the present inadequate container.

The council also placed on file a request by the M.W. Architects and Engineers of St. Louis that the city use funds other than Community Development grants to pay four invoices for engineering services submitted by M.W.

The bills for May, June and part of July totaled \$41,293 and have not been paid because the grant funds have been frozen, Aaron Pierson, vice president of the firm, said by letter. The claims cover work done on the downtown over pass project.

Mayor Paul Schuler said he understands that the funds are to be released soon and that the claims are expected to be satisfied in about one week.

\$1,290 purse offered in Trailriders July 29 show

A guaranteed purse of \$1,290 will be offered winning riders in the annual "Money Show," sponsored by the Trailriders Saddle Club of Granite City and scheduled for Saturday, July 29.

Entries currently are being taken for the show, which will start at 6:30 p.m. July 29 at the Trailriders' arena on Chouteau Slough Road at Rock Road, between the Chain of Rocks Canal Levee.

Miss Kathy Bargiel, Trailriders secretary, said those attending the show will have an opportunity to receive the choice between \$100 cash and a saddle as a special gift.

A "Point Show" is scheduled at 6:30 Saturday, July 15, at the club arena.

The public is invited to attend and view the contests. Admission is free.

Trailriders' members will compete in this week's show for points, awarded to winning horsemen.

The points are accumulated throughout the season toward achieving high point trophies this fall.

Additional information about the money show will be available at the announcer's stand this Saturday, Miss Bargiel said.

Top riders in last week's show included a triple champion and four double winners.

Capturing first place in three events was Lynn Williams riding Nugget in the pony pleasure and pony poles and on Buddy Lad in junior bareback pleasure.

Winning two events were: Gary Dalton riding Cody's Classy Miss in men's western pleasure and open western

pleasure; Cheryl Seaman riding Pat in junior poles and pony barrels; Bill Schneidewind riding Tennessee Buck in gaited country pleasure and fox-trotting; and Cynthia Meier riding Flash AC in the ladies western pleasure and showing the same stallion in the haltering class.

Other riders taking blue ribbons, included: Anna Gordon on Diamond Star, pony poles; Sherry Schanuel on Pat, senior poles; Gail Bosomworth showing Sporty Power in haltering

(geldings); Patricia Bryarby showing Ima Tuff Wammy in haltering (mares).

Kathy Smith riding King's Lee Bar, open trail; Dale Downer riding Stormy, pony barrels; Len Ellis on Petite Rinkus, senior barrels; Kim Schneidewind on Tennessee Buck, ladies gaited country pleasure; Billy Legroy on Bambi, open flag race; Russ Neuner riding Mesa Shade, senior plug races; and Dean Neuner, also on Mesa Shade, junior plug race.

Social Security recipients can earn more than before

If you are receiving monthly Social Security checks and want to work, you now can earn more than you could in 1977 before your benefits are affected. The amount depends on your age, according to the local office, 271-3358. If you are:

65 or older — You can earn up to \$4,000 in 1978 — an increase from \$3,000 in 1977 — and receive all your benefits for the year. If earnings exceed \$4,000, then \$1 in benefits will be withheld for each \$2 earnings above that amount.

The limit will increase \$500 each year until it reaches \$6,000 in 1982. After that, it will increase automatically to keep pace with increases in average wages.

As under the old law, you can earn as much as you wish and still draw all benefits for any month you are 72 or older. Beginning in 1982, people 70 or older will have no restrictions on their earnings.

Under 65 — You can work and earn up to \$3,240 in 1978 and not lose any benefits. If you earn more than this, \$1 in benefits will be withheld for each \$2 earned over \$3,240. This amount will increase in future years as wages go up.

If you are under 65, for only part of 1978, the more liberal rule for those 65 or over will apply. If you reach 65 on Oct. 14, 1978, for example, you can earn \$4,000 this year, rather than \$3,240.

Before 1978, working people who had low wages or were not active in their own business some months of the year could get a full benefit for those months, no matter how high their total earnings for the year.

Now this special rule applies only to the first year a person receives benefits. If 1978 is your first year to get benefits and you are 65 or older, you can get a check for any month you neither earn over \$324 wages nor do substantial work as a self-employed person.

If you're under 65, the monthly wage limit is \$320. If you receive benefits because of disability, there are special rules (which include medical considerations) for determining how work affects your benefits. The people at the

Social Security office can tell you more about this.

Q. I understand a person who is at least 65 and getting Social Security can work and earn more than a younger beneficiary in 1978. Since I won't turn 65 until December, does the earnings limit for people under 65 apply to me?

A. A person who is 65 for any part of 1978 can earn up to \$4,000 and receive all benefits for the year. The \$3,240 annual limit for working people under 65 does not apply in your case.

Q. I'll stop working entirely in August at 62, but will have earned over \$12,000 by then. Will this keep me from

receiving any Social Security in 1978?

A. A person under 65 can receive a full benefit for any month, during the first year of eligibility, that he or she neither earns over \$320 wages nor does substantial work in self-employment, regardless of how much the total earnings are for the year.

The wage limit is \$334 a month for someone 65 or over. After the first year of getting benefits, this special rule no longer applies, and only your annual earnings are considered when figuring how much in benefits is due you.

Book on Oswald assails CIA, FBI

Book review of "Legend" by Edward Jay Epstein (McGraw-Hill); reviewed by Jane Pennell of the STUE Department of Engineering.

"Legend" is yet another investigation into the complex character of Lee Harvey Oswald. This one is different. It is a scholarly production by Edward Jay Epstein, a professor of political science who has taught at Harvard, MIT and UCLA.

Epstein's thesis is that Oswald, who had defected to Russia at the age of 19, returned three years later under the control of the Russian KGB.

Epstein's conclusion depends on evaluation of information supplied to the CIA by Yuri Ivanovich Nosenko. Nosenko, ostensibly defected to the West in 1964.

According to Epstein, Nosenko was a disinformation specialist deliberately planted on our agents.

He says to provide information that would lend validity to Russia's insistence that Russia had nothing to do with Oswald in the past, was anxious to be rid of him in 1962, and washed her hands of him completely after he disembarked from the S.S. Maadman in Hoboken on June 13, 1962.

Epstein marshals evidence to refute these protestations and to

question Nosenko's credibility.

He also sees a connection among Oswald's service as a Marine radar specialist in Vietnam, his base from which the U-2 made reconnaissance flights, Oswald's defection, and the subsequent shooting down of Francis Gary Power's spy plane over Russia. Epstein's arguments are convincing.

Epstein's investigation of Oswald's behavior after his return to the states — and his tracing of Oswald's continued interest in Russian philosophy and ideology — perhaps raise more questions than they answer. But he does not use inflated rhetoric, does not make rabid accusations, and does not force conclusions.

Appendix D presents "Final Questions for the Intelligence Agencies."

Though Epstein's questions seem to be reasonable and to arise naturally from the evidence, the replies from the CIA and Defense Department and FBI range from a flat refusal to respond — they claim that Epstein's questions are irrelevant or that the answers would endanger national security — to a denial that the documents cited are in existence.

One cannot help comparing the straightforward questions with the evasive or self-serving answers.

The inescapable conclusion is that intelligence agencies goaded when they did not keep a closer eye on the defector, and that they are now intent upon glossing over that omission. If you enjoy intrigue, spying and counter-spying, and stories of agents and double-agents, you'll enjoy "Legend."

It may make you angry. Epstein has sub-titled the book "The Secret World of Lee Harvey Oswald," but it is more than that. It is a calling to account of government agencies that did not function effectively and then did their best to cover up.

PVT. NITA NORRIS
Army Recruiter Here

Pvt. Nita Norris on duty as Army recruiter in GC

Private Nita Norris of Granite City has an Army assignment right in her home town.

For the next 30 days, she will work as a recruiter aide at the Army Recruiting Station, 1206 Niedringhaus Ave., where she enlisted.

Pvt. Norris will assist Staff Sergeant Larry Baker, who originally signed her up, and the other recruiters at the station. Her primary duty as a recruiter aide is to link the Army recruiters in Granite City with the young people of Madison County.

To achieve this, she will talk about the Army with recent graduates of area high schools, including Granite City High School South, where she was graduated in 1975.

Why did Pvt. Norris join the Army? "I wanted the opportunity to travel, and I wanted an interesting job," she explains. "The Army gave me both."

Pvt. Norris undertook basic training at Fort Jackson, S.C.,

and advanced individual training at Fort Sill, Okla. She trained as a field artillery target acquisition specialist, and will be assigned at Fort Stewart, Ga., after she completes her Granite City assignment.

Pvt. Norris chose her Army job assignment and was guaranteed it in writing by the Army when she enlisted. It was during advanced individual training that Pvt. Norris was approved for recruiter aide duty. The program is highly competitive, and selection reflects outstanding ability.

She is on duty at the Granite City Army Recruiting Station to talk with interested young people about her experiences as a recent Army enlistee. She and the recruiters will discuss job training, educational assistance, travel options, and many other benefits the Army offers enlistees. She may be reached at 876-0950. Out of town residents may call collect.

College schedules ready for mailing

Area residents should receive Belleville Area College's total schedule of classes for fall 1978 in the mail next week. This will mark the first time that the college has sent the entire schedule into the homes of all district citizens.

A table of contents on the cover of the schedule will enable those who want to enroll for either credit or general studies (non-transferable) classes in extension centers in their home towns to find those schedules without difficulty.

BAC offers classes at 22 high schools in its 2,000-square-mile district.

Courses cost the same and offer identical credit to similar courses taken on the main campus.

Another innovation this fall is the use of telephone registration.

Those who register by telephone should make sure that the course is not classified as a "general studies" course, and have all needed information ready to give to the telephone registrar, a spokesman said.

Residents are to be encouraged to keep the schedules they receive in the mail.

If a household is inadvertently skipped in the mailing, or if the schedule is misplaced, courses for area extension centers will be printed in the newspaper serving those centers the week of Aug. 14.

Adult fitness this fall at Venice High

Physical fitness for adults will be offered at the Belleville Area College — Venice extension center this fall, according to Albert Schaefer, BAC Venice coordinator.

The course is a "general studies" class, and credits earned won't transfer to another college or university.

The class will meet on Mondays between 7 and 9:15 p.m. in the Venice High School gymnasium. Tuition is \$15.

Registration for the course will be Aug. 31 and Sept. 1 between 8 a.m. and 5 p.m. in the high school guidance office.

5 Granite Cityans march for ERA in Washington

About 30 area women — including five Granite Cityans — joined 100,000 at Sunday's March for ERA in Washington, D.C.

Women, men and children from across the country marched on the national Capitol in support of House Joint Resolution 658, the bill that would extend the ratification period for the Equal Rights Amendment for a second seven-year period.

ERA supporters assembled near the Washington Monument and proceeded along Constitution Avenue to the Capitol building, where they held a rally.

The date of the March for ERA was the first anniversary

of the death of Alice Paul, author of the Equal Rights Amendment.

In memory of the suffragettes who fought for 50 years for American women's right to vote and endured imprisonment and force feeding, marchers dressed in white and wore purple-white-gold sashes.

More than 110 organizations have urged "no time limit on equality" and are supporting Res. 658.

The first 18 amendments to the U.S. Constitution, which include the Bill of Rights and the 14th Amendment, had no deadline. The deadline imposed on ratification of the ERA is not part of the text of the Amendment, it was asserted.

Area women participating in the March for ERA included: Dorothy Haeghele of Alton; Darlene Sackett of Godfrey; Sibyl Belliss of East Alton; Ellen Elgen of Bethalto; Lina and Paula Burgess of Edwardsville; Janet Matthews of Glen Carbon; and Barbara Harris, Norma Mendoza, L. Nooley, Marge Perdue and Donna Theis, all of Granite City.

The march and rally were coordinated by the National Organization for Women.

Thirty-five states have ratified the ERA. Three more are needed for adoption of the women's rights amendment.

Study hike for sewer treatment

The Granite City council referred to its Pollution Plant Committee for study last week a survey of the city's rate structure of sewerage treatment fees which proposes a 60 percent rate increase.

Results of the study, indicating the city now has a deficit of \$563,499, were outlined at the meeting by James Stelling of the Bert H. Allison & Co. auditing firm which made the survey.

The pollution plant committee is headed by Alderman Glen Sprinkle who noted that the present rate of treatment fees is not providing sufficient income to meet financing requirements of the bond issue sold to finance construction of the secondary sewage treatment plant.

The committee is to study the survey and report back to council members in one month.

The average fee charge for sewage treatment is now \$2 per month, or \$6 per quarter. This would increase by 1.32 per month or \$9.96 per quarter.

Health Systems panel will meet in Madison

The Madison County Local Impact Committee of the Greater St. Louis Health Systems Agency (HSA) will meet Tuesday, July 18, at 7 p.m. at OATH, Inc., 612 State St., Madison. The meeting is free and open to the public.

Ralph Yemm, committee chairman, has announced that the agenda will include a presentation by Alphonse J. Lynch, president of the HSA, on "Citizen Participation Within the HSA."

Also on the agenda will be a presentation by Kathleen Rogers, executive director of the Family Service and Visiting Nurse Association in Alton; a discussion of policies and procedures for local impact committees recently drafted by the HSA; and a discussion of the positions falling vacant this year for Madison County representatives on the HSA board of directors.

Yemm, who is from Wood River, said there will be a tour of OATH (Organization of the Handicapped), a sheltered workshop for the developmentally handicapped, at 6:30 p.m. July 18. The tour is also open to the public at no cost.

The Local Impact Committee was formed mid-1977 to provide county-level citizen input into the health planning process of the regional agency.

The Madison County Committee has been meeting at various locations around the county. This will be the first meeting in Madison.

For further information, contact Alphonse J. Lynch at 254-5413 or Joe Mueller at the HSA (314) 241-5810.

Faces 4 charges

Charles W. Hahne, 26, of 1631 Second St., Madison, was arrested on Madison Avenue near Niedringhaus Avenue at 11:40 p.m. Sunday and was charged with criminal damage to property, speeding, improper muffler on his car and no vehicle registration.

A witness called police from Kirkpatrick Homes and told officers that a man had just left the parking lot in the 4000 block of Kirkpatrick Homes after making several turns on a pickup truck.

The man left in a black station wagon with a woman and two children, the witness said. Officers then stopped a station wagon of the same description on Madison Avenue, which allegedly was speeding, and arrested Hahne. A woman and two children in the auto were released.

Police returned to Kirkpatrick Homes and found three tires had been slashed on the pickup truck of William Morris, 8810 Kirkpatrick Homes. Hahne was released from custody at 12:50 a.m. today after posting \$100 cash and his driver's license as bond.

Beat Wisconsin on penalty kicks

Granite youths win Detroit Regional

DETROIT — The Granite City Soccer Club of 13 and 14-year olds did it again here yesterday. They defeated the Wisconsin state champions 4-3 on penalty kicks to win the Michigan State University Region II Midwest Regional championship.

The team, coached by Ruben Mendoza, captured the state championship in a tournament held in Springfield earlier this summer. However, because

teams of 13 and 14-year olds do not advance, Granite City will not move into the national tournament next month.

The team arrived home to Granite City last night about 11 o'clock at St. Elizabeth's soccer field, and were greeted by about 50 well-wishers including Don Stuckey, president of the District Nine School Board, who welcomed the team with a brief speech.

Yesterday's game was the semifinal against Indiana. Granite City defeated the Hoosiers 3-2 in overtime.

For Granite City, Eric Maass opened the scoring against Ohio with a goal in the first half. Sammy Mendoza added another regulation time goal, but Ohio scored two of its own to send the game into overtime.

In the overtime period, Maass scored his second goal of the game, sending Granite City into the semifinals against Indiana Saturday afternoon.

Saturday afternoon, the Granite Cityans, with Maass and Mendoza again scoring the only goals it got, defeated Indiana 2-1 in another thriller.

Class A South falls to North

BY PETE HAYES

Press-Record Sports Editor

BLOOMINGTON — It didn't happen. For the first time since the Illinois Basketball Coaches Association North-South All-Star games began, it didn't happen. The South didn't rise ... at least the Class A South didn't.

The Illinois North Class A (small schools) all-star team won its first game in four tries here Saturday night with a 76-63 victory over the South in the game played in Horton Fieldhouse on the Illinois State University campus.

The South squad, the winner of the previous three all-star clashes, trailed 41-32 at halftime and never got closer than four points the rest of the way.

Although hitting two more field goals than the North team, the South stars could manage only nine free throws, compared to the North's 26. The North all-stars also beat the South squad in rebounding, 40-32.

The teams played two 20-minute halves instead of the regular eight-minute quarters in high school ball. The South also out-shot the North, 360 to 325 from the field.

Madison's Anthony King, who will play at Parkland Junior College in Champaign next fall, started at guard for the South, but saw limited action. He scored two points on a first half basket from the top of the key. Instead, Vandall's Eddie Reams played most of the game at the guard spot, along with Steve Stone of Carmel and Dave Collins from Casey.

"That sort of untracked us, started us scrambling around. One thing led to another and we started committing turnovers," he added. "I guess it was the turnovers that eventually were our downfall."

University of Evansville-bound Eddie Lane, a 6-4 forward from Eldorado, was voted the Most Valuable Player for the South by the news media. Lane was the only South player to score in double figures, getting 16 points on eight field goals, before fouling out of the game with 7:32 remaining. Lane averaged 30 points per game during his senior year at Eldorado.

The North squad was able to control a four point lead for most of the first half until 9:37 remained in the period when Tom Grunloh from Effingham State Anthony layed one in to tie the score, 32-32. But the South couldn't take the lead.

Kent Schneider, a 6-7 center from Mason City headed for Wisconsin-Parkside, was named MVP for the North. He had a game-leading 19 points. Jeff Clements of Mt. Pleasant and Perry Range of South Beloit (headed for the University of Illinois this fall) helped the North by getting 12 and 11 points respectively.

Byassee shuffled his entire lineup in and out of the game early in trying to find the right combination to avert the South's

NORTH-SOUTH ALL-STAR ACTION. Here, Collinsville's Kevin Stallings (left) passes off to one of his teammates on the Class AA South squad during his team's victory over the North. In the other game, the Class A North defeated the South team.

Tri-City falls to Belleville

By DOUG IRVIN

for the Press-Record
Tri-City Post 113 is one game ahead of second place Alton in the District 22 standings even after giving up a loss to Belleville last Thursday.

The game was played at South, however Belleville was the home team, due to earlier scheduling. Thursday's game went eight innings with Belleville coming out on top 4-3.

The one-game loss was the second possible Saturday evening when Belleville turned the tables on Alton, 2-1.

Both teams scored in the third: Tri-City scored two and Belleville tallied three. The score remained the same until the top of the sixth, where Tri-City tied the score at three all. Keith Champion led off with a base hit up the hole followed by a hesitated steal. With Champion on second, Doug Rains took the RBI with a shot into right field. Tri-City never threatened to take the lead as the next and last seven in a row all got out.

Rains captured eight strike outs (one being on three consecutive called strikes), gave up eight hits, and walked three (one intentionally). Yount pitched to two batters, walked one and one got a hit.

In the third, Tri-City scored as follows: Rains singled to right field, but was thrown out in the middle of a double play hit by John Kerkovich. Danny Schaas got on with an infield error and stole second.

In the fourth, Tri-City scored on a error on the catcher when he tried to throw out Smith. Smith pitched to two batters, walked one and one got a hit.

"It was a super American Legion ball game," said Tri-City Coach Conrad "Babe" Simpson. "It makes you feel proud to play that well. We lost but we played well."

Mitchell sweeps Thomas

By DOUG IRVIN

for the Press-Record
Music Room Vans romped all over East Alton yesterday in Inter-City baseball play totaling 24 hits for the day. Mitchell beat Thomas twice and Mercer got a bye. Highland and Maryville was cancelled due to excessive rain fall.

MITCHELL, THOMAS 2
John Stanton started on the mound for the Mitchell ball club. He struck out seven before he was replaced by Rick Fancher in the seventh. Terry Savage pitched the entire game for Thomas giving up seven hits and striking out four. Mitchell scored in the third, fifth, and seventh and Thomas scored

both in the fifth. In the third for Mitchell, Howard Ebertson singled and scored on an error. Mitchell, in the fifth, scored their third run. Ebertson got on by an error and scored when Tom Carroll singled. In the fifth for Thomas, Terry Savage, the pitcher, singled followed by a walk to Dan Cook. John Pritchard singled to score them both.

Mitchell's final run came in the top of the seventh with the score tied. Ebertson got a base hit and scored on a base hit by Bill Stille.

MITCHELL 11, THOMAS 5
The excitement was in the third inning when Hector Sanabria hit a grand slam home

run. Thomas's big inning was the seventh, but it wasn't quite big enough as Mitchell led 11-1 going into it. In the seventh for Thomas, Pat Donley led off with a base hit. Pritchard and Rick Foesack both walked. Salvage singled to score two. Bill Jakich singled to score the other two runs.

MUSIC ROOM 14, EAST ALTON 4
Music Room has 19 hits in that game and no errors compared to eight hits and one error for East Alton. Bob Buttry pitched the whole game for Music Room and East Alton's pitcher was Jeff Walter. In the seventh inning, for Music Room, Don Broadway and Mike Gren-

zeback both hit home runs. Both were three for five for the game. Lee Davis, the leading pitcher of the league was three for five also.

MUSIC ROOM 15, EAST ALTON 2
Vans scored their 15 runs on 15 hits in the second game of the doubleheader. Ralph Jackson was the winning pitcher and Randy Higgins started for Alton. He was replaced in the fifth by Tom Fillingim. Steve Cannedy of East Alton had both the RBI's with a double in the sixth. Grenzeback was three for three for the game. Jackson hit a three run homer in the fourth inning.

Shirley, Myers winners again

Saturday night's racing program at Tri-City Speedway looked much like an "instant replay" of the previous week as Dean Shirley repeated his feature race victory in the sprint car category and Bill Myers of East Alton continued his record of winning every feature race he has entered this year in the late-model stock car division.

Lee Gibson of Granite City, who finished second in the sportsman feature race last weekend, won the event in that division Saturday night, his second feature race of the year. Finishing behind Shirley in

the sprint car feature were Chet Johnson of Dennison, Ill., Jim Horn of Decatur, Bernie Graybeale of Shelbyville, Ky., and Ron Milton of Jacksonville, in that order.

Milton won the semi-feature, followed by Horn. Tony Robertson of Shelbyville, and Dick Sandridge of Springfield. Best winners in the 31-car field were Hershel Jenkins of Decatur, Dean Adams of Farmington, Mo., and Jerry Wiggs of Benton.

Finishing behind Les "Sgt. Crash" Gibson in the sportsman race, in order were Paul Humphrey Sr. of Duplo, Paul Humphrey Jr. of Granite City, Harold Bryeans of

Maplewood, Mo., and Chuck Wood of Granite City. Bryeans topped Mike Nikonovich of Granite City in the first heat race and Bryeans won the second heat event, trailed by Humphrey Sr. and Jr., in that order.

Triple-header racing featuring the sprint cars, late-model stocks and sportsman racers will continue next Saturday night with hot laps at 7:30 p.m. and racing beginning at 8 p.m. The track is located on Route 203 (Nameoki Road), north of Maryville Road and Granite City High School North.

South ties 'AA' series, 86-77

BY PETE HAYES

Press-Record Sports Editor

BLOOMINGTON — There was a definite Collinsville air about things here Saturday night during the fourth annual Illinois Basketball Coaches Association North-South All-Star Game.

Three recently-graduated Collinsville Kahoks, Kevin Stallings, Steve Ray and John Beloradyic, played here for the South squad as it defeated the North 86-77 in the second game of a basketball doubleheader at Horton Fieldhouse on the Illinois State University campus.

In the first game, the Class A North defeated the South 76-63. It was the first time a Class A North team had beaten a South squad.

The Class AA South all-stars broke a 48-48 tie early in the second half to beat the North stars.

Chuck Verderber, a 6-foot-4 forward who will play for the University of Kentucky next fall, canned a pair of jump shots to push the South squad out from the 48-48 tie to a four-point advantage and the Northerners never caught up the rest of the way.

Verderber, Beloradyic and Bryan Leonard of Belleville East all fouled out of the game for the South, but head coach Lee Cabutti of Champaign Central had enough reserve power to preserve the victory. Some reserves! When the

three began to foul out, Cabutti had the likes of Kevin Stallings and Steve Ray to put back into the game. Not exactly your run-of-the-mill benchwarmers.

Stallings and Ray started for the South and Beloradyic came in soon after the contest started and saw more action than his two Collinsville teammates.

Stallings dazzled the fans with his passing and ball handling and Ray with his hustle and shooting range. Beloradyic was perhaps the most consistent of the three, Cabutti leaving him in with players fresh coming off the bench with Stallings and Ray out of the game to keep them "settled."

"Beloradyic is a very humble ball player," said Cabutti. "He's got so much ability that it's boggling, but he keeps a low profile, not getting

We were well-represented

BLOOMINGTON — The 1978 Illinois Basketball Coaches Association North-South all-star games are over. But as usual, the excitement generated by the two contests will probably linger in the fans' minds for some time.

In the Class A game, the North squad dominated play nearly the entire game and won for the first time in the four-year history of the event. Madison's Anthony King, headed for Parkland Junior College in Champaign, represented the Quad-Cities well while playing guard for the South.

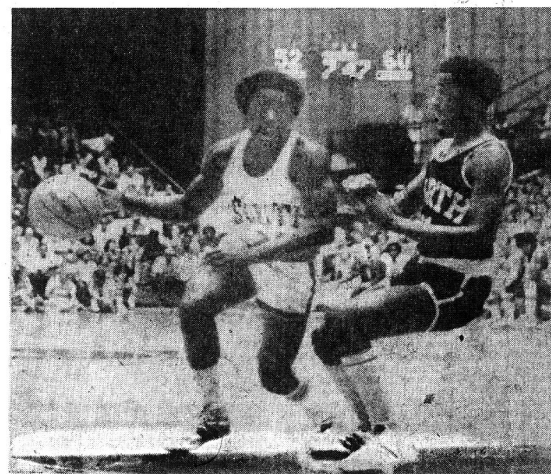

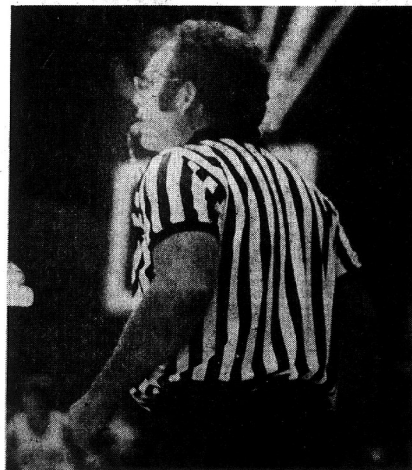

Another representative of the Quad-Cities in the Class A was Granite Cityan Russ Chappell, who worked as one of three referees.

In the Class AA game, this area was represented by Steve Ray, Kevin Stallings and John Belobraydic of Collinsville and Bryan Leonard of Belleville East. They helped lead the South to a resounding victory over the North.

This was the final time King, Ray, Stallings and Belobraydic and Leonard would compete as high schoolers. They will be going their separate ways next fall to play basketball for the college or university of their choice.

But for forty minutes here Saturday night in Horton Fieldhouse at Illinois State University, they were teammates. For the final time.

I Bet You Didn't Know BOUGHT TO YOU AT... MILTON MATHEWS

Do you know who was the oldest man ever to play in a big league baseball game? ... Answer is Satchel Paige — and not only did he pitch in a major league game at age 59 to set the record, but he did very well ... Paige, at 59, pitched for the A's against the Red Sox in a game on Sept. 25, 1965. ... He pitched 3 innings and gave up only one hit — and no runs.

What effect does the designated-hitter rule have on the overall batting in big league baseball? ... Surprisingly, not very much. ... The American League, which has the designated-hitter, had an overall league batting average last season only 4 percentage points higher than the National League, which doesn't use the designated-hitter. ... The composite batting average in the American League last year was .266. ... In the National League, it was .262.

Did you know that when Babe Ruth hit 60 home runs in the 1927 baseball season, he hit more homers than any TEAM in the American League that year!

I bet you didn't know...

Attends seminar on computer system

Louis Brusatti, a partner in the firm of B & K Bookkeeping, recently spent three days in Florida, attending a familiarization seminar on the new computer accounting system the firm is installing. The new system will more than double the firm's present computer facility. The accounting programs will produce all financial reports necessary to provide complete up to date accounting services.

According to Brusatti, the expansion is a continuing effort on the part of the firm to provide the same type of computerized accounting for the small and medium size business as is available to a large business which has its own accounting department and computer center.

When you realize what it's worth, there's no place like home.

Your home's worth money to you. Big money. And you can get it without selling, because you have equity.

As your property value increases, so does your equity.

And the bigger your equity, the more you can borrow from us in a large Homeowner Loan.

With the cost of homes going up and up, chances are your equity is a lot more than you realize. And you're probably good for a much larger loan than you imagine.

If it's big money you're after, remember:

There's no place like home. And there's no place like our place to get your large loan. Just give us a call. Today.

Are garden pests bugging residents?

By WAYNE B. SIEFERT
Area Adviser—Horticulture
Insect pests are having a great year. Vegetable gardeners are crabbing about cutworms and cabbage worms. Agricultural experts say that grasshoppers are going to be a big pest.

Flower gardeners are worrying about leaf feeding caterpillars and slugs. And tree

experts are watching the leafhopper and bagworm situation.

Would you like to have a free copy of an eight-page publication that tells how to control insects on vegetables, flowers, trees, in the pantry, and on your dog?

This publication is updated every year by a team of entomologists at the University of Illinois to be sure the recommendations are the most effective and safest to use of all the products available to science.

They tried to include recommendations for every problem that commonly occurs, including insect pests of animals, insects that are pests around patios and problems in clothing and wood.

You can have a free copy of Circular 900 "1978 Insect Pest Management Guide for Home, Yard and Garden" by writing or

Bonnie Fisk enrolls at Gradwohl school

Miss Bonnie Fisk, daughter of Mr. and Mrs. Harold Fisk, Madison, has enrolled in the Gradwohl School of Laboratory Technique in St. Louis for a year's course in medical laboratory technology. After graduation she will serve a one year salaried internship in a hospital laboratory and will be a qualified medical laboratory technician.

The school, a private not-for-profit, co-educational institution, is approved by the Council on Medical Education of the American Medical Association. Gradwohl School has trained more than 6,000 persons for positions in hospitals, clinics, private laboratories and physicians' offices in its 56 years of operation.

Leafhoppers are yellowish or green insects that scramble around or hop off the leaf when exposed to the sunlight.

Leafhoppers feed on the leaves of almost all types of plants, by sucking the sap from plant cells or the leaf veins. Fading color for a stippling pattern on the top side of the leaves are suspicious symptoms.

When you examine the underside of the leaves you will find light green or yellow insects that often scramble around. They are long and wedge-shaped and may be in a variety of sizes.

If you see as many as five or six on each leaf, leafhoppers are probably damaging your favorite plants.

One application of carbaryl (Sevin) will eliminate your leafhopper problem.

Concentrate on the undersides of the leaves and use

enough spray to get thorough coverage of both sides of the leaves.

Rites held for Brandon Scanlan

Funeral services were held at 9:30 a.m. Monday, July 3, at St. Joseph Catholic Church for Brandon Michael Scanlan, 18, of 1725 Maple Ave.

He was killed in an auto accident on Saturday, July 1, three miles north of Lexington, Ill.

Survivors include his father, Richard M. Scanlan of Darien, Ill., near Chicago, a stepfather and mother, Mr. and Mrs. Dale (Maria) Stogsdill of Granite City; one brother, Matthew Mark Scanlan of Granite City; paternal grandmother, Mrs. Grace Scanlan of St. Louis.

Burial was in Calvary Cemetery, Edwardsville Township.

PERMIT ENDORSED

The Madison County Zoning Board of Appeals is recommending that the Madison County Board approve the continuance of a special use permit for a mobile home at 168 Douglas St., Chouteau Township. James Williams is requesting continued use of the mobile home for a watchman. The zoning board recommends the permit be granted for up to one year.

Gateway railroad terminal revision

The Illinois Department of Transportation announced Friday that consulting firms are being sought for restructuring of the St. Louis railroad gateway terminal and for investigating the feasibility of a new or relocated Springfield district office.

Consultants will be selected on Tuesday, July 18, by a special five-member committee which includes two public members.

All firms must be prequalified with the Department of Transportation to insure their abilities to accomplish project objectives.

The St. Louis rail terminal restructuring project (phase II) involves engineering services for the preparation of a draft design report for restructuring the terminal as well as a draft environmental impact statement.

Phase I of the project was the conceptual alternatives for restructuring the terminal and

phase III will include the final selection for terminal restructuring and development of construction plans.

The project involves 17 railroads, the Federal Railroad Administration, the state of Illinois and Missouri and numerous local governments, including the cities of St. Louis and East St. Louis as well as the counties of St. Louis and St. Clair.

In Morgan or Sangamon counties, for a District Six office building, engineering services are being sought for preparation of a detailed feasibility study for a new district office building in or near either Springfield or Jacksonville.

The study will include a review of utilization of existing district buildings; relocation advantages and disadvantages; possible locations; comparison of leasing, buying or building; and employee impact by location.

Madison college registration set for Aug. 14-17

College credit courses and non-transferable general studies courses will be taught this fall at the Belleville Area College Madison extension center, according to Charles Steptoe, BAC's Madison coordinator. Courses starting Monday, Aug. 21, will include Accounting

I. General Psychology, Introductory Sociology and Elementary Spanish. Students who are working toward an associate degree may take any credit course included in their degree plan at the Madison extension center. All students are being asked to work with a counselor to make sure the courses chosen

are applicable to their degree and will transfer readily. Scholarship students and veterans are being urged to double check all courses to assure their funding. Non-transferable general studies classes to be taught at Madison include: introduction to bartending, beginning and advanced Mideastern dance

(belly dancing), photography I and II. Home air conditioning and refrigeration, beginning and intermediate sewing, upholstery, woodworking and furniture refinishing, cake and food decorating. Physical fitness for adults, refresher typing, auto body

repair, welding, real estate transactions. Auto mechanics, small gasoline engines, beginning typing and beginning shorthand. Registration for the BAC-Madison courses will be Aug. 14-17 in Room 109 of Madison High School between 6 p.m. and 8:30

p.m. A schedule will be sent to area residents during the third week of July listing all classes offered by BAC in the 2,000-square mile district. The Madison extension center coordinated by Steptoe is one of 22 centers throughout the community college district.

Music Under Stars to feature 'Sing-A-Long'

"Music Under the Stars" choruses will present their third concert of the 1978 summer season at 8 p.m. Tuesday at the Wilson Park rink pavilion. The public is invited to attend the presentation without charge. Ample seating is provided by the park district. A special feature of the concert will be a "Hymn Sing-A-Long," according to Mrs. Mary Ann Bright, program director. The audience will be provided with words to the hymns so all

can join in the singing, Mrs. Bright advised. Proceeding the sing-a-long, the choruses will present many familiar sacred and secular works, including "Hallelujah, Amen," "This Train," "You Are Near," "Drill Ye Farriers," "Tomorrow," "On a Clear Day," "I'm Gonna Wash That Man Right Outa My Hair," "Five Foot Two, Eyes of Blue," "Jenny, My Lovely One," "With a Voice of Singing," "What is a Youth" and "The Need to Be."

Movie 'Camelot' for GC seniors Thursday

"Camelot," the romantic musical film starring Richard Harris and Vanessa Redgrave, will be shown Thursday, July 13, at 8 p.m. for senior residents of the Granite City Township. The second in a monthly series of color movies will be screened at the Granite City Township Center, 2000 Delmar Ave. The movie, "Camelot," is adapted from Lerner and Loewe's stage musical. The film won three Academy awards. Nelson Hagnauer, township supervisor, said last month's presentation, "Over the Mountain," proved "very popular with the senior citizens." Many of the seniors viewing the movie asked the township staff to secure its sequel, which currently is playing in movie theaters. Part II may be

available for private screening in November, it was learned. Another popular aspect of the June show, Hagnauer noted was serving hot popcorn to the moviegoers. "We hope to provide popcorn again Thursday night," he added.

MR. AND MRS. MARK HUNTER whose wedding was solemnized at Tri-City Park Tabernacle Church. Formerly Karen J. Wallace the bride is a daughter of Mr. and Mrs. Billy Wallace, 2412 Dewey Ave.

Karen Wallace becomes Mrs. Mark E. Hunter

Tri-City Park Tabernacle was the scene of the wedding on June 9, of Miss Karen J. Wallace, a daughter of Mr. and Mrs. Billy Wallace, 2412 Dewey Ave., and Mark E. Hunter, a son of Mr. and Mrs. Donald Hunter, 2411 Washington Ave.

The Rev. Gordon H. Nelson performed the double ring ceremony at 7 p.m.

Escorted down the white carpeted aisle and given in marriage by her father, the former Miss Wallace wore a full length white A-line style organza gown.

Chantillie trimmed bishop sleeves were set into the fitted lace bodice featuring a high ruffled neckline, and a small bow marked the natural waistline in the front and back.

The slightly full skirt was designed with a large open veil, edged with a Chantillie trim.

Her bouquet was an arrangement of white, pink, blue and yellow carnations intermingled with sprigs of greenery.

Maid of honor was Miss Shelly McElroy and Mrs. Terrie Townsend and Miss Nora Hunter served as bridesmaids.

They selected floral formal length dresses in blue, yellow and pink designed with puff sleeves, molded bodices with oval necklines and full skirts terminating with ruffled flounces.

Each attendant wore a matching picture hat and held a multi-color bouquet of carnations.

Elizabeth Nelson was the flower girl and David Bohnstiehl served as the ringbearer. She was dressed in a pink floral frock identical to the adult attendants and she held an arrangement of small pink carnations.

Jerry Hunter attended the groom as best man. Scott Faulkner, Frank Rogg and Donald Wallace completed the corps of groomsmen and ushers.

Guests were received by the newly married Mr. and Mrs. Hunter at a reception held in the church fellowship hall.

Both young people graduated from Granite City High School South. The bride is employed as a beautician and the groom works as a mechanic.

They are residing in Granite City.

Nazarene members attend convention

Members of the Granite City First Church of the Nazarene attended the 35th annual Illinois District Nazarene World Missionary Society and Nazarene Youth International Conventions at Nazarene Acres near Springfield, Ill.

With 371 delegates voting at the Missionary Convention, Mrs. Lorene Whittington, Granite City, was reelected district president.

Special music was provided by a violin trio consisting of Kim Asbeck of Granite City, Eric and Asagay Barker of Glen Carbon.

The following served as delegates to the convention, Mrs. Mona Setzer, Mrs. Louella Brown, Kenneth Whittington, Kendall Whittington, Rev. and Mrs. William Roddy, all of Granite City, and Mrs. Deloris Barker of Glen Carbon.

Others attending the convention were Mr. and Mrs. James Milton, Miss Lynette Whittington, Mrs. Evelyn Ferguson, and Mrs. Marie Cottrell of Granite City.

Granite Cityans who served as delegates to the youth convention were Miss Pat Byrd, Rich Unger Jr., Mrs. Pat Unger and Kendall Whittington. Rev. Richard Unger and Rodney Unger also attended the convention.

Eric Barker presented a violin solo at the district talent contest and was awarded first place. A second place award went to Kendall Whittington who performed a piano solo. He was also elected as representative to the District Youth Council.

Circle hears Mrs. Williams

The Ella Mae Missionary Circle of Mount Zion General Baptist Church concluded their mission year with a lesson entitled, "A New Beginning."

The article was written by Dolores Duck, executive secretary of the Ladies Missionary Society, and was presented by Mrs. Dena Williams.

Members met Thursday morning in the church hall for the session which was opened with group singing. Devotions on the subject of "Shine to Live" was given by Mrs. Williams, followed by Prayer for the sick and shut-ins offered by Mrs. Opal Penrod.

A business discussion was led by Mrs. Mary Goodall, circle president, and the dismissal prayer was by Mrs. Erynne Camren.

Hostess for the day, Mrs. Lilly Graf, served refreshments to those named and to Harriet Phillips, Bessie Phillips, Ann Schubert and a guest Janet Camren.

MRS. GEORGE JONATHAN SLOAN, the former Miss Barbara Ann Blattner who was married in an afternoon ceremony at Concordia Lutheran Church. She is a daughter of Mr. and Mrs. Robert F. Blattner, 2905 Yale Drive.

Barbara Blattner weds George Jonathan Sloan

Miss Barbara Ann Blattner became the bride of George Jonathan Sloan in an afternoon ceremony on June 24 at Concordia Lutheran Church, 2201 Grand Ave.

Pastor Arvin Twietmeyer officiated at the 4 o'clock double ring ceremony before an altar banked with bouquets of pink and white carnations and greenery.

The bride is a daughter of Mr. and Mrs. Robert F. Blattner, 2905 Yale Drive. Parents of the groom are Mr. and Mrs. George R. Sloan of Palos Heights, Ill.

Organist Denise Rankin played a program of selected wedding music prior to the arrival of the bridal party. During the ceremony she accompanied Patricia Levin who sang, "How Great Thou Art" and "O Father All Creating."

Escorted to the altar by her father, the former Miss Blattner selected a gown of white organza and Venice lace. The bodice, sleeves and chapel train were embellished with floral lace motifs, etched with tiny seed pearls and iridescent sequins.

Her fingertip veil, bordered with matching lace motifs, was secured to a large lace picture hat, sprinkled with pearls and sequins.

She carried a nosegay of pink roses, stephanotis and baby's breath.

Miss Margaret Ellen Sloan, a sister of the groom, was maid of honor. She wore a candy pink organza gown featuring a bustle back which cascaded into a flounced hemline. Her bouquet

was of pink roses, baby's breath and greenery.

The groom chose Dr. John Blattner as best man. Paul Blattner served as usher. Both are brothers of the bride.

Guests were received by the newly married couple at a reception given in the church parish hall immediately following the ceremony. Miss LeAnn Fischer, a cousin of the bride, attended the wedding guest book.

Mr. and Mrs. Sloan, parents of the groom, entertained the bridal party at a rehearsal dinner at Charlie's Restaurant, on the evening before the service.

The couple are honeymooning in Las Vegas.

Luncheon honors Mrs. Eva Evans, 90

Mrs. Eva Evans celebrated her 90th birthday at a meeting of the Honor Circle in Wesley Hall at Niedringhaus United Methodist Church last week.

A long-time circle member, Mrs. Evans seldom misses a meeting and always is among those at quilling sessions during the morning hours, according to fellow members.

Mrs. Evans marks all the quilts herself and does each phase of the work, one lady said.

The honoree was escorted into Wesley Hall, where a luncheon of chicken, salad, ice cream and cake was served to the guests, including members, friends and relatives.

Candles decorated the luncheon tables, which was appointed in pink and blue. Two bouquets of fresh garden blossoms were the focal point. The flowers were donated by friends of Mrs. Evans at the Anchorage apartment complex.

Among those present were Mesdames Lucy Weaver, Augusta Pender, Pearl Campbell, Winifred Reimers, Mary Ahlvers, Beulah Fox, Eunice Ahlvers, Dorothy Allen, Paula Smith, Delores Allen, Jean Wallace and the Rev. and Mrs. William Mathae.

Before adjourning, Mrs. Evans was presented a gift from the Honor Circle members and was wished many more active years with the group.

ENGAGED. Miss Nancy Lee Baker and her fiancé William E. Ellington. Their engagement and plans for an Aug. 19 wedding is being announced by her parents, Mr. and Mrs. Hairel Baker, 2819 Myrtle Ave.

Ellington-Baker betrothal told

Mr. and Mrs. Hairel T. Baker, 2819 Myrtle Ave., are announcing the engagement of their daughter, Miss Nancy Lee Baker to William E. Ellington, a son of Mr. and Mrs. James Ellington, 3139 Rodger Ave.

The bride-elect is a 1976 graduate of Granite City High School and is employed as a secretary at Southwestern Bell Telephone Co.

Her fiancé is working as an

apprentice pharmacist at Reese Drug Store in Bellemore Village Shopping Center. He is enrolled in his final year at St. Louis School of Pharmacy.

Plans are being completed by the engaged couple for an Aug. 19 wedding to take place at the City Temple Assembly of God Church with the Rev. A. E. Cope to officiate.

Mrs. Canham is club hostess

Mrs. Pauline Canham, 2663 Benton St., entertained members of the July 12 Pinocchio Club, Thursday afternoon, at the last meeting of the season. The group will begin regular sessions in September, it was noted.

The hostess served a two course luncheon using an arrangement of garden roses and baby's breath as the table centerpiece.

Prize winners for the day were Mrs. Mildred Robertson, Mrs. Anne Giese, Mrs. Kathryn Smithson and Mrs. Vera Schilling, a guest. Also present were Mrs. Reba Grove and Mrs. Georgia Butler, guests for the afternoon.

Parking is banned on Maryville

The Granite City Council acted last week to ban parking along the newly constructed Maryville Road. The aldermen enacted an ordinance which bans parking on either side of the new highway between Highway 162 and Pontoon Road.

In similar actions, the council approved an ordinance prohibiting parking on the east side of 24th Street between State Street and Edison Avenue and created a new traffic stop for east-west traffic on East 28th Street entering Short Street.

In another ordinance, the council established a three-way traffic stop at Amos Avenue and North Street. The bill provides a stop for east-west traffic on Amos entering North Street, and a stop for southbound traffic on North Street entering Amos.

Workshop on nurse skills

A five-week workshop on "Health Assessment for Nurses" will be offered through the Continuing Education Program of the SIUE School of Nursing.

The workshop is scheduled the next five Tuesdays, beginning tomorrow, from 9 a.m. until 4 p.m. in the Environmental Resources Training Center at SIUE. Instructor is Linda L. Lillis of the School of Nursing.

At the conclusion of the course, students will be aware of the potential problems new skills in the nursing role may bring and will assess various physiological and physical examinations will be discussed. Each session will deal with a different body structure or function. "History, modes, head, neck, extremities and skin" will be covered in the first meeting.

"Eyes, ears, nose and throat, and otology" and "thorax, cardiovascular system and heart sounds" will provide the topics for the next two sessions. Topics at the two meetings will include "thorax, pulmonary system and lung sounds" and "breast, genitalia and gastrointestinal."

Fee for the workshop is \$60. Enrollment is limited to 36 registered nurses. Upon successful completion of the course, the student will receive 30 contact hours of continuing education credit.

This same workshop will be offered in the fall at SIUE.

Film traces 38-year service by Chamber

A slide film program with recorded narration—tracing the history of the Tri-Cities Area Chamber of Commerce from July 1940—has been completed and was viewed by the Chamber board of directors last week at the Granite City Army Installation.

The presentation is available for showing to other organizations. President Roger A. Higgins announced. Past presidents introduced at the dinner meeting were Henry D. Karandjoff, Edwin G. Schmitt, Harold R. Fisher, Carl A. Ranft, Clifton E. Blankenship, Jack Dempsey and William P. Winter.

The color slides showed dozens of local facilities and projects that were brought from proposals to realities with the assistance of Chamber members.

Vice-President Kenneth Evers and his committee were praised for their work in preparing the film program.

George T. Wilkins Sr., Education Committee chairman, said several methods are

being studied for this fall's Chamber business-industry-education observance.

He reported that new state school legislation, if signed, will increase Madison schools' funding by \$411,000 to \$2,501,000, boost Granite City aid by \$372,000 to \$9,965,000, and raise Venice schools' state allocation by \$34,000 to \$105,000.

Executive Vice-President Edward Reiske said the Crime Prevention and Control Committee will discuss with Madison County officials the possibility of establishing a prosecution program credited elsewhere with sharply reducing losses from bad checks.

Engineer Edward Juneau briefly discussed the current sanitary sewer installation program, saying that work is proceeding rapidly, that the specifications call for a quality system, and that the contractors are following excellent work standards.

Drainage in Briarcliff, Melrose and North Granite areas will be a major objective

of the Sewers and Drainage Committee, along with drainage aid at shopping centers and the vicinity of Landers Park Estates, Chairman David Partney reported.

Mrs. Mary Shuran discussed Labor-Management Committee activities, and Reiske announced that the Ambassadors recruited 58 new Chamber members in competition with the Ambassadors, who obtained 47.

Mrs. Mary Jessee submitted the latest membership report.

Mrs. Lois Winter, vice-president of the Women's Division of the Chamber, said it is planned to dedicate the Jo Meyer Park at Niedringhaus Avenue and Cleveland Boulevard on July 25. She said that the Women's Division will participate in Television Channel Nine fund-raising on the evening of Aug. 23.

C. E. Blankenship reviewed legislative activity and said a new law will improve the efficiency of the unemployment compensation program.

Pre-engineering 2-week program

A two-week program to acquaint high school students with engineering as a profession began Sunday at the University of Illinois at Urbana-Champaign.

Attending the program sponsored by the Junior Engineering Technical Society are 34 students who will be high school seniors this fall. Among them is Christopher P. Rogenski, 1815 Thorngate Drive, from Granite City High School North.

They will learn about fields of engineering, demands upon practicing engineers and the effort involved in a college education in engineering.

The program continues through July 31. It will include tours, lectures and opportunities for individual work. The students will live in university residence halls.

Professor David C. O'Bryant of the UIUC department of general engineering is in charge of the program. He is state director of JETS, which has its Illinois headquarters on the UIUC campus.

Dr. Ruffner retiring, Dr. Buck appointed

Appointment of Dr. James R. Buck, 35, Moline, as executive assistant to the president of Southern Illinois University at Edwardsville is being announced by Dr. Kenneth A. Shaw, president of the university.

The appointment, subject to approval by the SIUE Board of Trustees, will be effective Aug. 1.

Dr. Buck, college development officer and assistant to the president of Black Hawk College, will assume two of the major responsibilities at SIUE — management of the Office of the President and line-staff responsibility for university relations — currently assigned to Dr. Ralph W. Ruffner.

Dr. Ruffner is retiring Sept. 1. His position, senior vice-president for planning and review, will be terminated at that time.

A number of Dr. Ruffner's current assignments will have been completed by September, and others will have been transferred to other officers, Dr. Shaw said.

More than 240 applications were received for the new position, and 28 applicants were screened for on-campus interviews.

Six finalists were interviewed by the president, his staff and representatives of various constituency groups.

In addition to managing the day-to-day operations of the Office of the President, Dr. Buck will provide administrative supervision for operating units — Alumni Services, Foundation Administration, and University News Services. The latter includes Photographic Service and the University Information Center.

Dr. Buck will coordinate fundraising activities of the university and serve as chairman of the University Relations Advisory Council.

Serving as the principal staff officer for the president, he will carry out internal and external liaison and representational responsibilities as assigned by the president.

A native of Peoria, Dr. Buck completed his doctorate in higher education at Nova University.

He received bachelor of arts degrees in psychology and political science at the University of Colorado and a master's degree in experimental psychology at Bradley University. He has been employed by Black Hawk since 1966, serving the past six years as assistant to the president.

Dr. Buck's experience at

DR. JAMES R. BUCK

Black Hawk, a multi-campus, comprehensive community college that enrolls 18,000 students annually, also includes four years as a member of the psychology faculty and three years as director of the student center.

He directed the establishment of the Black Hawk College Foundation and serves as its executive director. He coordinates all development activities at the college and headed negotiations which allowed Black Hawk College to become part of the Western Illinois University educational television planning grant legislation.

In 1972, Dr. Buck was one of six development professionals selected to participate in a nine-week American Association of Community and Junior Colleges resource specialist program sponsored by the Office of Education in the U.S. Department of Health, Education and Welfare.

He has conducted studies and research related to development, governance and space utilization in higher education, and has completed a four-year longitudinal study of Illinois community college foundations.

He is a member of numerous professional, community and civic organizations and has directed committees, task forces and advisory councils working for improved planning, social services, health care and community development in the Moline and Rock Island areas.

Dr. Buck and his wife, Joyce, are the parents of two children, Kristina, six and Robin, four.

Tomatoes show blossom-end rot

By CHRIS DOLL, Area Gardening Adviser

Many of the first ripening tomatoes are infected with blossom-end rot. This happens nearly every year, and 1978 is no exception.

Blossom-end rot is the black or brown rot on the bottom of the fruit or it may appear as cracking on the lower end.

It is a non-infectious disease caused either by a deficiency of calcium or adverse growing conditions. The weather this spring and early summer hasn't been the best for tomato yields.

But don't blame it all on the weather. Cultural practices such as pruning and staking, root pruning through deep hoeing or cultivation, permitted plant stress are made decisions.

Pruned plants of susceptible varieties have the most problems. Caged plants are somewhat more susceptible than untrained plants, and staking is worse than caging.

Sometimes there is a varietal difference, so study this aspect. Unfortunately, there is no cure once blossom-end is visible. Good cultural practices — such as planting on a well-drained soil, applying fertilizer and lime to meet the soil test recommendations, shallow cultivations, and maintaining a uniform soil moisture situation — will tend to reduce the severity of the infection.

Good growing weather in July and August also should alleviate the condition.

SWEET CORN SEASON
Commercial sweet corn growers in the American Bottoms have started harvesting sweet corn. Early-bird gardeners are doing the same thing.

Having sweet corn this early in the season is the result of an early growing season coupled with early planting of early maturing varieties. These include Sundance, Spring Gold,

Earlibelle and many others in the 64- to 72-day season.

Main season varieties such as Gold Cup, Gold Winner, Golden Bantam, Bellringer, NK19 and other 78- to 82-day corns will follow shortly. These are higher in sugar and are better for processing than the early varieties.

Other good eating varieties are Silver Queen, Sugar Loaf and Honeycomb.

Fresh corn is best. Corn should be cooked as soon as gardeners see the injury and cooking is delayed, keep the ears cool for best quality.

WILTED TERMINALS
Many peach trees show wilting terminals — the result of insect feeding. The insect causing this injury is the Oriental Fruit Moth, but it's the larval stage causing the injury.

Newly-hatched larvae bore into succulent, fast-growing terminals near the end of the twig.

As the larvae mature, the end of the twig wilts. By the time a gardener sees the injury and looks for the worm, it has crawled out and pupated.

If the life cycle is not interrupted, another outbreak will happen in about a month. The twig injury causes some stunting of the tree, increased branching, and wormy peaches when they attack the fruit. They may also attack apricot, plum and cherry fruits.

Control is through regular spray programs of multi-purpose fruit sprays or registered insecticides.

ZONING HEARING SET
The Madison County Zoning Board of Appeals will hold an on-site public hearing at 313 Parlane Lane in Mitchell at 9:30 a.m. Wednesday where Velma Stark is requesting permission to keep an additional horse and a Shetland pony. The one acre of land is in a R-2 single family residential district of Chouteau Township.

Alternate disaster center

The public, industry and state and local government officials have been invited to attend an open house at newly relocated offices of the Emergency Services and Disaster Agency (ESDA) in the Illinois regional office building, 2209 W. Main St., Marion, to be held from 2 p.m. to 4 p.m. on Friday, July 21, and Saturday, July 22.

During the open house, staff members of ESDA will display the resources of the Southern Illinois Alternate Operating Center and the Illinois Region 11 office located within the facility.

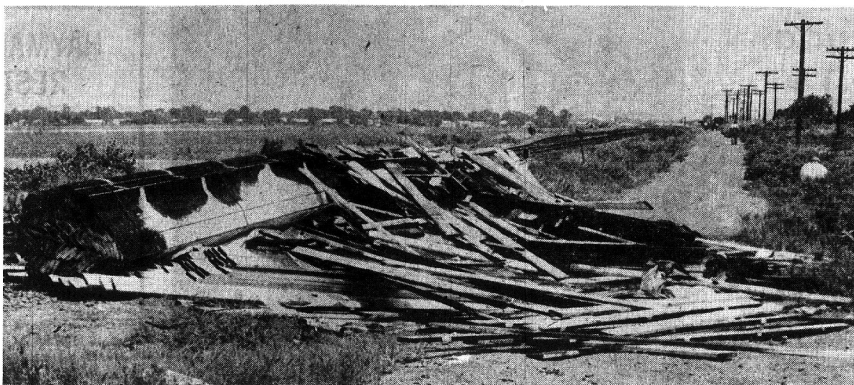

Demonstrations by members of the ESDA team will display how present procedures provide faster and coordinated emergency response to all types of emergencies—natural, man-made or nuclear—in an effort to minimize personal injury and property loss.

Continuous movies and slide programs including disasters will dramatize the role of planning and preparation for disasters, and the value of facilities such as the Alternate Operating Center.

Erie Jones, state director, said the new location was selected "in response to the commitment to provide maximum response and support to the local units of ESDA as those units meet the emergency and disaster needs of their communities."

"It is our hope and our expectation that the relocated office in Marion will better serve Illinois residents by bringing earlier coordinated response to the support of the outstanding units in the southern 34 counties of Illinois."

REINHARDT-Realtor
Sells—BETTER LIVING

\$40,000 LOSS occurred as about half of a railcar load of lumber caught fire last week as the train neared the railroad crossing at Highway 162 near E. 23rd Street. Long Lake firemen were at the scene for four and

one-half hours and had to unload and wet down the load. The cause of the fire is unknown. The fire caused a traffic backup for some time, but the train was divided to allow one lane of traffic to move.

STEALS PURSE FROM AUTO
A thief smashed the door lock on a 1976 auto belonging to JoAnn Avedisian, 1004 Niedringhaus Ave., and stole a purse and wallet, containing \$80, a driver's license, credit cards and other personal papers which were laying on the front seat, between 2:45 p.m. and 3:20 p.m. Friday. The auto was parked at 22nd and Benton streets at the time of the incident.

BURNED BY SKYROCKET
Mrs. Patricia King, 28, of 93 Venice Homes, Venice, was burned on her right thigh when a skyrocket struck her Tuesday night. She sought treatment at 8:45 p.m. Thursday at St. Elizabeth Hospital and was released after treatment.

Driver charged
As a Granite City police car was traveling north on Madison Avenue at 28th Street at 9:15 p.m. Friday, a southbound vehicle crossed the center lines, forcing the squad car to swerve to the right and strike the curb. The officer turned his vehicle around and pursued the auto for four blocks, noting two other vehicles almost were forced from the road by the same car. Arrested and charged with driving while intoxicated was Charles C. Schwertman, 53, of 1700 Edison Ave., who agreed to take a breathalyzer test. He was released at 10:25 p.m. on payment of \$50 cash bail and posting his driver's license.

Price co-sponsors urban parks bill

U.S. Cong. Melvin Price (Dem., 23rd Illinois) is the co-sponsor of legislation that would establish an "urban parks" program throughout the United States.

Under the proposed legislation, Cong. Price explained, \$150 million a year would be authorized for three years in a program to be administered by the Department of Housing and Urban Development.

The federal money would be used—sometimes with additional local funds and oc-

casional without additional funds raised on the local level—to build parks in areas where citizens have inadequate access to open spaces.

Cong. Price added, "This program is one suggested also by the President in his recent comprehensive urban policy message. I am hopeful that this bill will get this worthy project moving quickly."

"We need to assure that Americans who live in our increasingly urbanized society are able to meet very important recreational needs."

Offer home and office computer for delivery

The era of computers for homes and small firms has arrived. Beginning Wednesday, and continuing for four weeks only, Radio Shack will provide immediate delivery of its Level 1 TRS-80 Microcomputer System through its more than 40 St. Louis-area stores.

There has been a wait of up to two months for delivery of TRS-80's until now. Demonstrations are scheduled for the general public on Wednesday from 7 to 10 p.m. at the Stan Musial Hilton, 10390 Natural Bridge Road, St. Louis.

Radio Shack introduced the TRS-80 Microcomputer System in August 1977. "The TRS-80 is not a kit. It comes completely wired and tested, ready to use."

The system consists of a 53-key professional-type keyboard and microcomputer plus regulated power supply, a data cassette recorder which is computer-controlled through an interface, and a 12-inch video display monitor. An owner's manual supplied with the TRS-80 explains everything necessary for its operation, from plugging it in through programming.

Radio Shack is also supplying pre-recorded cassette programs for such applications as a small business payroll and personal finance. Educational programs include mathematics, algebra and a Level-1 basic computer programming course.

Provisions have been made in the TRS-80 for addition of accessory items such as "disk" storage, an additional tape recorder and printers that create a permanent, typed record of the computer output. The TRS-80 is priced at \$599, complete with video display monitor and data cassette recorder. Radio Shack, a division of Tandy Corp., is headquartered in Fort Worth, Texas, which is also where the TRS-80 is manufactured.

3 arrested on cannabis charge

A patrolling officer seeing a 1968 Chevrolet turn from Rock Road into McKinley Avenue at a high rate of speed, causing it to slide sideways, halted the vehicle at 2812 Harding Ave. at 10:30 p.m. Friday.

The tree occupants allegedly had a case of beer in the back seat, with nine bottles removed, and an open bottle of beer in the front seat.

Edward N. Streicher, 19, of 2817 E. 24th St., reportedly had a small plastic bag of what appeared to be cannabis in his pants pocket and the officer allegedly saw one of the passengers throw a plastic bag out of the car window.

Streicher was charged with unlawful possession of cannabis and careless driving. The passengers, Gary Dacus, 19, of 2812 Harding Ave., and Mark Callender, 22, of 2812 Harding Ave., were charged with unlawful possession of cannabis.

LANDSCAPE SEMINAR TO BEGIN THURSDAY

There is still time to enroll in a landscaping seminar to begin Thursday, July 13, at 7 p.m. at the Weinheimer Building in Highland. A series of four meetings covers "Landscaping Do's and Don'ts," "Theory of Landscape Design," "Plants for Southern Illinois" and "Landscape Plans." A registration fee of \$5 per family covers the educational materials given at the programs.

Those interested in enrolling are to call the Madison County Extension office at 656-7200 by July 13. The program is sponsored by the University of Illinois, Cooperative Extension Service.

Children's story hour at branch library July 14

By JEANETTE KAMPEN
Of the Public Library Staff

A special story hour for preschool and primary-level children will be held at the Granite City Branch Library, No. 6 Nameoki Village Shopping Center, at 1 p.m. on Friday, July 14.

Cheryl Goltz, storyteller at the headquarters of the Lewis & Clark Library System, Edwardsville, will give the story hour, which will have monsters as its theme and will include stories, action rhymes, a filmstrip, and puppetmaking. The program will be approximately half an hour long. It is free and open to the public.

The schedule of the Granite City Public Library's bookmobile for the remainder of July is as follows:

St. Elizabeth's School, 9 a.m.-4:30 p.m., July 14, 21, 18; Logan School, 9-12 a.m., July 17, 31; Wilson School, 9-12 a.m., July 18; Sacred Heart School, 9-12 a.m., July 19; Johnson School, 9-12 a.m., July 20; Anchorage Homes, 9-12 a.m., July 22; Marshall School, 14 p.m., July 23; Parkway School, 9-12 a.m., July 24; Nameoki School, 9-12 a.m., July 25; Niedringhaus

School, 9-12 a.m., July 26; Maryville School, 9-12 a.m., July 27.

The bookmobile has reading materials for adults as well as children.

On Friday afternoons from July 14 through Aug. 4, there will be a study session on animals at 1 p.m. when the bookmobile is at St. Elizabeth's. The sessions are open to persons of all ages.

NEW BOOKS: "The Mysterious Maya," written by George E. Stuart and Gene S. The battered wife syndrome is examined in "Battered Women: A Psycho-sociological Study of Domestic Violence," edited by Maria Roy. This book includes contributions by psychologists, sociologists, law enforcement officials, and others.

It explores the complex causes of domestic brutality.

outlines preventive measures, and offers practical methods for helping families that are caught in the vicious cycle of violence. The library has received three new books in a Better Homes and Gardens series on gardening: "Vegetables & Herbs You Can Grow," "Annuals You Can Grow," and "Perennials You Can Grow."

Woman, child hurt in crash

A woman and a child were injured in an auto accident at Maryville Road and St. Clair Avenue at 5:30 p.m. Thursday. Police alleged the southbound auto of Dale Boyd, 2212 Orville Ave., violated the stop sign on Maryville Road and struck the northbound auto of Tina Cresham, 1333 Rhodes St., which was turning left onto St. Clair Avenue. Boyd was charged with a stop sign violation.

The drivers escaped injury, but one passenger in each car was hurt. Mrs. Mary Boyd, 46, also of 2212 Orville Ave., suffered injuries to both legs, a bruise below each knee and pain to her right shoulder. She was taken by ambulance to St. Elizabeth Hospital where she was X-rayed, treated and released.

Lynn LeMaster, 9, of 2724 Maryville Road, a passenger in Tina Cresham's auto, suffered visible injuries, but was not taken immediately to the hospital.

County fair July 23-29

The 1978 Madison County Fair will be held in Highland July 23-29 at Lindendale Park.

This year's fair will feature a beauty pageant, demolition derby, tractor pulling contest, four-wheel truck pulling contest, stock car races, horse shows, cattle auction, arts and crafts festival, dress show, sample exhibitions and more.

The fair opens Sunday, July 23, at 1 p.m. and the activity runs through Saturday night, July 29.

Monday's arena attraction is a four-wheel truck pull. Actually, two pulls will be held, one for county residents, and the other for all competitors.

Tuesday will feature one of the area's top tractor pulls. Stock car races will be featured Wednesday and Saturday evenings of the fair at Southwestern Stock Car Racers complete. A demolition derby will be held in the arena Thursday night, with the winner

taking home \$550 top prize money.

A light and western horse show will be the fair's Friday attraction in the arena.

In addition to the arena events, thousands of county 4-H

club members will display exhibits, livestock and animals throughout the fair.

The daytime activities will include everything from greased pig contests to craft festivals. The evening hours feature dress shows, free musical entertainment and a variety of exhibits from farm machinery to encyclopedias.

Michigan Metal Processing will bring part of the former Commonwealth steel facilities here back to productive life

Closing of the former Commonwealth plant of General Steel Industries was a dark day in Granite City a few years ago. Now, the "silver lining" is continuing to brighten.

National Steel Corp.-Granite City Steel several years ago acquired the property for potential future use, and this year Michigan Metal Processing Corp. of Detroit showed interest in developing part of the plant for pickling and processing of heavy-gauge steel rolls.

Industrial revenue bonds have been put to good use by the Granite City municipal government for the Archer Daniels

Midland plant, St. Elizabeth Hospital and the Ferraroli Corp., and on July 5 such bonds were authorized for Michigan Metal. The local firm will make the bond principal and interest payments, and the plant site will become the property of the city.

The venture is a positive step in that it will provide 50 to 60 jobs — perhaps retaining 125 to 150 within two years. It also will help continue the local manufacturing resurgence, and will provide both a customer and supply source for other industries in this region.

\$390,000 will be devoted to rehabilitating local homes

With the Community Development grant program beginning a second three-year cycle, local improvements valued at \$895,890 have been authorized for the 1978-79 year. The projects will be of immense benefit in maintaining and enhancing public services and the general quality of life.

Restoration and rehabilitation of residences will utilize \$390,000 — Venice \$160,000, Madison \$100,000, Granite City \$60,000, Venice Township (Eagle Park area) \$50,000 and Nameoki Township \$20,000.

Street improvements totaling \$136,896

are planned in the village of Pontoon Beach. Granite City will devote \$87,700 to surface drainage and purchase of a fire truck, while Venice Township plans \$83,000 in Eagle Park area park design, drainage and road projects.

A \$100,000 contribution to the Madison shopping center mall is scheduled.

Venice Township is preparing for \$45,614 Benjamin Addition improvements and Chouteau Township will allocate \$30,000 to drainage channels. Nameoki Township will round out the year's work with \$22,680 in Cloverleaf Addition water lines.

West Bank area still key to Middle East peace efforts

Press-Record Washington Bureau — In the manner that international developments seem to be taking their separate turn at center stage, the Middle East again claims U.S. attention, which has been distracted by events elsewhere.

After prolonged debate, the government of Israel has decided to resist American pressure to renounce its occupation of the West Bank area after a five-year interim period.

Prime Minister Menachem Begin's response to Washington's pointed inquiry about Israel's intentions regarding the West Bank was to reaffirm the proposal made earlier to Egypt's President Anwar Sadat.

That plan provided for Palestinian self-government, an end of Israeli military control, retention of Israeli defense arrangements in the area, and an internationalized status, as set forth in a future five-year plan — but no prior agreement to return to the 1967 borders.

This was a disappointment to the Carter administration, which had hoped Israel would accept the principle of withdrawal from occupied Arab lands in return for a peace settlement, as set forth in United Nations Resolution 242.

The purpose of the U.S. inquiry was to get some movement in the stalled Israeli-Egyptian negotiations. But, as events have proved, it was unrealistic to expect as tough a realist as the prime minister to commit some future government of Israel to hand over the West Bank to the Arabs five years hence.

In fact, the Begin government, which has been revised by former Prime Minister Golda Meir for its conduct, probably could not have survived such a policy.

In any event, the Carter administration is correct in focusing its attention on the West Bank, which remains the chief snag to Middle Eastern peace settlement.

From the time of his historic peace pilgrimage to Jerusalem in November, President Sadat has insisted that the West Bank must be part and parcel of any peace settlement; to this end, he has defied a return of the Sinai peninsula, which is his

for the asking in a separate peace with Israel.

The real problem arises out of the demand by President Sadat and the more militant Arab leadership for nothing less than an independent Palestinian homeland in the West Bank.

This is unacceptable to Israel, as it is to the United States because the Palestinian Liberation Organization would, in all likelihood, seize control and, with Soviet support, constitute a mortal peril to the Jewish state.

Thus, in reality and despite superficial differences, Israel and the United States are in basic agreement that a future Palestinian state in the West Bank, whatever name, cannot be entirely independent.

It cannot be independent to choose terrorist leaders to wage war on Israel; it cannot be independent to become a new Soviet vassal in the Middle East.

The obvious challenge for American policy is to draw Prime Minister Begin and President Sadat from their hardline. Sherry's Association, sources indicated.

The sheriff's chief of detention center, Le Mans, was referred to often during the trial, but was never asked to testify. A letter allegedly written by Burns which makes accusations against several persons has been receiving federal consideration.

Defense Attorney Lawrence Fleming contended during the trial that it appeared the U.S. District prosecutors were "sabotaging" defense or false "routines" sent out by the aircraft which sought to escape. Perhaps, as Turner said, these are matters for "another day, another time."

Mr. and Mrs. Albert Robinson and daughters, Beth and Marynne, were guests of Mrs. Robinson's brother, Howard "Pete" Hoxey and wife, Dolores and daughters Ellen Marie and Susan Lynn in Catawissa, Mo., for a fourth of July celebration.

Others attending were Mrs. Dwayne (Thelma) Hoxey and children, Carl Elaine and Charles. Mrs. Ruby Arnette, a sister to the host, all of Granite City.

Also present were Mr. and Mrs. Jesse (Mary) Gilreath and daughters, Karen and Nancy of Hartford, Ill., Mr. and Mrs. Earl (Dorothy) Scott and son Scott of Crestwood, Mo., Michael Berg of Kirkwood, Mo. and Miss Beth Robinson.

Paddler's swim team in meet tomorrow

The Paddlers' swimming team of Granite City will face the Doctores of Belleville in a home meet tomorrow night. Diving will begin at 5 p.m. and swimming at 6 p.m.

Saturday, Paddlers' defeated Bellefontaine of St. Louis 364-2634.

The contract covers about 185 employees, company officials said.

Hempken also agreed that some employees have been working a good deal of overtime, for which they did not volunteer. "This is a problem of the industry, but one of the items we are negotiating now is a voluntary overtime stipulation," he stated.

Pets displayed in area for adoption

To the Editor:

I thought a little history of the APA — Association for the Protection of Animals — is in order since it's fast becoming a well-known Granite City organization. I, for one, didn't know too much about it until about a year ago.

For the history, there's not too much, since it's only seven years old. The idea came about in 1970 and wasn't acted upon until 1971.

Then, a small shelter was used on Chouteau Island. Since then, they have kept a shelter at the Army Depot and have held a dog show at the Aqueduct Pet Shop, near the Grant apartment store, at the Granite City Plaza Market, and at the present location between Gasen's and the Fabric Shop.

Perhaps many have noticed a little steel-like structure, but never previously noticed who it belonged to. By the way,

the animals are only displayed from this area.

As you can see, they've been shifted around a lot.

The APA is trying to raise money for its very own building. It will even be big enough to house the animals who are unwanted. That would really be a big step for them.

Besides this history, all the rest was hard work and concern, but that's another story. MARY FORTE

Tobacco someday may provide food

To the Editor:

Tomorrow, millions of people may be swallowing tobacco

instead of smoking it. The Lung Association convinces every smoker to keep the habit, the tobacco company grows tobacco for them to go on to welfare.

According to the U.S. Department of Agriculture, a new process can isolate a special protein in tobacco which is extremely harmful when burned — but is rich in nourishment extracted from tobacco leaves and eaten.

The process — called homogenized leaf curing — grinds the tobacco leaves to a "slurry," which is about the

same consistency as cold slaw. The slurry can be made into a powder and stored indefinitely; it can be added to any food to increase the protein value.

The slurry can even be textured to form a food similar to a ham steak.

Dr. Tien Chio Tso, one of the Agriculture Department's major researchers, says that by the year 2000, a tobacco food could be harvested in just five to six weeks, and many crops could be produced in a single growing season.

The researchers say there's no question that tobacco protein will be used in the future. However, the companies who spend millions on toxicity studies, and this could take five to 10 years.

Whether tobacco is raised to eat, or not raised at all, is a growing concern in American society.

Although raising tobacco provides income for several thousand farming households, we believe it helps smuff out the lives of more than 300,000 Americans before their time.

Some day the expected cigarette smoking costs the nation as much as \$15 billion for medical care and lost productivity.

New employer a good sign for area

To the Editor:

Late in 1972, General Steel Industries closed its huge casting plant at 147 State St., Granite City, leaving 39 acres of rusting, deteriorating steel and tin buildings.

For six years, these buildings lay vacant, a home for rodents and pigeons.

In its heyday, GSI employed approximately 3,000 employees. Eventually this dwindled to approximately 1,000 when they announced the closing.

Walking through these empty decaying buildings, the feeling comes over you of what it must be like to walk through a tomb — haunted by a thousand faces covered with dirt and decay.

It means the Granite City area has lost a major employer. It means the loss of thousands of men, but it's a start.

Up until now, about the only living thing in the buildings were the animals that came in to seek shelter or to nest, and a few men working on old railroad cars.

Recently, a new life has spark to the plant. A small spark has been kindled. This is a good sign for the area.

Hold juvenile in car theft

Granite City police are holding a 15-year-old Ferguson Avenue boy who was arrested in a stolen car in the 2400 block of Madison Avenue at 1:50 a.m. today.

Patrolman J. W. Apperson said he recognized the driver because he did not have a driver's license, so he stopped the vehicle and charged the boy with a curfew violation and with driving a stolen car.

A routine check on the vehicle was conducted which showed the vehicle had been stolen from Hand Schaefer, 5 Iris Ave., Pontoon Beach, July 7.

The boy said he borrowed the car from a girl in Kirkpatrick (Holtzsch) and was driving to the beach. Officers are investigating to determine who stole the car.

Membership meeting

The Collinsville Chapter of Sweet Adelines, Inc., will have a membership and guest night on Wednesday, July 19, at 7:45 p.m. at the Collinsville Building and Loan Assoc. on Belt Line Rd. in Collinsville.

The meeting will be part of the chapter's recruiting program to expand its membership. The Collinsville Chorus will be directed by Mrs. F. H. Holtzsch.

Holtzsch will demonstrate four part harmony, barber shop style during the evening.

Ignore suspension order by bishop

A group of members of the Holy Trinity Bulgarian Orthodox Church of Madison participated in services Sunday despite a suspension order by Bishop Simeon.

Under canon law, the men were temporarily suspended as Constantine Michaeloff, Leland Ambuehl, Alex Tarpeoff and Nick Todoroff. They are forbidden by the bishop's order to participate in spiritual, secular or religious activities of the church.

The suspension is until March 1, after a new board has been installed.

The problem developed June 5 when a postal dispute in the parish priest, The Rev. Peter Stamboloff.

A meeting originally scheduled for Sunday has been delayed by the bishop until Monday, July 23, at which time the congregation will discuss differences and a new church board will be elected.

Bishop Simeon has dissolved the old board, but the four men have refused to acknowledge the bishop's authority and the authority of a commission set up by the bishop to run the church until the congregational meeting is held and new board and officers elected.

The four suspended men have refused to comply with the bishop's authority and the authority of a commission set up by the bishop to run the church until the congregational meeting is held and new board and officers elected.

Since the bishop appointed a five-member commission to oversee the activities of the church until a new board is appointed, there has been a struggle for control of the church's business operations. This includes a church operated as a corporation.

Sunday the four men sold candles at the church and took morning receipts to be deposited in their jurisdiction.

The locks of the church and the church's business operations. This includes a church operated as a corporation.

A suit which would have involved the judicial system was not heard in circuit court Friday in Edwardsville. The commission had filed suit and then withdrew it, until after the congregational meeting is held.

Country's young Democrats to assemble here Thursday

Madison County Young Democrats will meet Thursday, July 13, at the Tri-Cities Council 1088 Knights of Columbus Hall, 21st Street and Edison Avenue.

Jim Grandone, president, comments, "We are the future of the party and in order for the party to grow and prosper, we must organize and unite."

"To become a member, a person must subscribe to the principles of the Democratic Party. Second, a person must be at least 16 years of age and cannot have reached the age of 35."

"Other than these, the only thing required is an interest in aiding the Democratic Party."

"I would like to see every geographic portion of Madison County represented at the meeting. Every township should send a delegation," Grandone said.

The meeting here will begin promptly at 8 p.m.

In Loving Memory of
LOAL SEXTON
July 10, 1878
To some he may be forgotten, to others just a part of the past. But to one who loved and lost him, his memory will always last.
Just a cluster of beautiful memories sprayed with millions of tears, wishing God could have spared him just a few more years.
If it is the world to give, I'd give it.
Yes and more, to hear his voice and see his smile and greet him at my door.
